17 recited below, Respondent will not be required to relinquish its permit, or suspend licensed  
18 activity for 60 (sixty) day from the effective date of the order, in order to permit completion of a  
19 planned sale of the pharmacy. However, the surrender will take effect 60 (sixty) days after the  
20 effective date, whether or not any sales transaction has been completed. The agreed conditions are  
21 as follows:

22 CONDITION 1

23 Kyffin shall replace its pharmacist-in-charge, with a pharmacist whose license is in good  
24 standing with the Board, and shall have delivered the appropriate papers to the Board

#### 4 SUMMARY OF FACTS

5 32. The following facts are common to all charges of the First Amended Accusation:

6 a. Respondent Pharmacy is a large, closed door pharmacy operation, having about 70 -  
7 75 employees and serving a large patient population (an estimated '5,000 beds') of mostly  
8 elderly residents of approximately 50 assisted living and skilled nursing facilities or similar  
9 institutions in Los Angeles, Ventura and Orange counties.

10 b. Some of the medications distributed by Respondent Pharmacy are dispensed in the  
11 form of 'bubble' or 'punch' cards<sup>1</sup>, also sometimes called 'bubble packs', which Respondent  
12 Pharmacy creates at its facility.

#### 13 FIRST BOARD INSPECTION - OCTOBER 2007

14 c. On or about **October 23, 2007**, in follow-up to an anonymous complaint, a Board  
15 investigator visited Respondent Pharmacy and initiated a 'selected' audit limited to the drug  
16 Procrit. The audit period was from January 1, 2007 through November 15, 2007. The audit  
17 revealed that during the audit period, Respondent Pharmacy had dispensed at least 4006 more  
18 units of the drug Procrit than the pharmacy could account for purchasing:

<u>DRUG</u>	<u>STOCK ON HAND ESTIMATE</u>	<u>AMOUNT PURCHASED</u>	<u>AMOUNT DISPENSED</u>	<u>CREDITS/ RETURNS</u>	<u>DIFFERENCE</u>
Procrit	99	5197	9445	143	[(5197 + 143) - 9445 = 4105]  [4105 - 99 = 4006]  4006 <sup>2</sup>

19  
20  
21  
22  
23  
24  
25 <sup>1</sup> "Bubble" or "punch" cards, also called "bubble packs", are small plastic or paper cards  
26 on which multiple dosages of a medication are stored in indentations or 'bubbles' on the surface  
27 of the card. Each single dose is secured behind a film of paper (typically foil) which must be  
28 broken to retrieve the medication.

<sup>2</sup> The '4006' figure was calculated as follows: Records show that Respondent pharmacy  
had purchased 5197 units of the drug Procrit during the audit period, but had dispensed 9445

(continued...)

1 d. The Board inspector further determined that Respondents failed to maintain all  
2 records of sale, acquisition and disposition of the drug Procrit for three years, as required by  
3 statute.

#### 4 SECOND BOARD INSPECTION - AUGUST 2008

5 e. On or about August 14, 2008, in follow-up to a second anonymous complaint, a  
6 Board inspector made an unannounced inspection of Respondent Pharmacy to investigate  
7 allegations that Respondents were improperly retrieving and repackaging unused portions of  
8 drugs previously dispensed to patients at skilled nursing facilities and similar institutions.

9 f. During the August 14, 2008 inspection, for which Respondent Fujitaki was present, a  
10 Board inspector observed work tables with hundreds of unlabeled capsules and tablets which had  
11 been sorted into 'Dixie' type paper cups and vials, rather than requisite USP containers, without  
12 requisite labeling, and without sufficient information to permit requisite labeling (drug name,  
13 strength, lot number, expiration date). The Inspector also observed a great deal of trash, including  
14 trash bags at the tables full of returned partial or empty 'bubble' or 'punch' cards.

15 g. During the August 14, 2008 inspection, when questioned by the Board Inspector,  
16 Respondent Fujitaki admitted that drugs on the work tables were being prepared by employees of  
17 Respondent Pharmacy for reuse and redispensing to other patients. At that time, the Inspector  
18 discussed improper practices related to processing returned drugs which she had observed with  
19 both Respondent Fujitaki and Respondent Pharmacy officer Mira Zeffren. The Board Inspector  
20 also issued a written notice dated August 14, 2008, which Respondent Fujitaki received and  
21 signed.

22 h. Analysis of samples of drugs taken from unlabeled paper cups on the work tables at  
23 the August 14, 2008 inspection showed controlled substances, including a large quantity (65  
24 tablets) of the drug Clonazepam (brand name: Klonopin Clonazepam), and popular, costly  
25 prescriptions drugs, including Zyprexa, Flomax, Aricept and Lasix.

26 (...continued)  
27 units, at least 4105 more units of the drug than the pharmacy could account for purchasing. Even  
28 reducing the 4006 total by 99 units ("stock on hand" per a count taken on October 23, 2007),  
Respondents show a discrepancy of at least 4006 units.

1 i. In a written statement submitted shortly after the August 14, 2008 inspection,  
2 Respondent Fujitaki admitted<sup>3</sup> that pharmacy technicians at Respondent Pharmacy routinely  
3 removed drugs from punch cards then sorted the drugs into irregular containers, without proper  
4 labeling, as observed by the Board's inspector on August 14, 2008, for the specific purpose of  
5 returning the drugs to inventory to be redispensed to other patients.

6 **CA DHCS FINDS \$7,986,497. 00 IN UNSUPPORTED BILLINGS - MARCH 2009**

7 j. The California Department of Health Case Services ("DHCS"), pursuant to Welfare  
8 and Institutions code section 14124.2 and 14170 and 22 California Code of Regulations section  
9 51021, monitors and has the authority to investigate companies receiving Medi-Cal payments  
10 for patient services.

11 k. On or about October 8, 2008, DHCS investigators initiated an audit of inventory,  
12 billing and other pertinent records of Respondent Pharmacy focusing on four medications  
13 frequently dispensed by Respondent Pharmacy, including Procrit. The time period selected for the  
14 audit was July 1, 2005 through June 31, 2008.

15 l. A DHCS inspector who made an unannounced visit to Respondent Pharmacy on  
16 October 24, 2008 noted that the pharmacy work area was untidy and appeared dirty, and that  
17 walkways were cluttered with totes, merchandise and miscellaneous business related materials.

18 m. On or about February 27, 2009, Respondent Kyffin, by and through corporate  
19 president Mara Zeffren, was issued formal notice of DHCS findings that its investigators had  
20 identified problems with Respondent Pharmacy's Medi-Cal billing procedures. Specifically,  
21 DHCS found that Respondent was unable to show documents or records supporting its Medi-Cal  
22 billings for the four drugs during the audit period (July 1, 2005 through June 31, 2008) and  
23 determined that Respondent Pharmacy had been overpaid \$7, 986,497.00. Repayment was  
24 demanded within 60 days.

25 ///

26 ///

27 \_\_\_\_\_  
28 <sup>3</sup> The referenced statement was dated August 19, 2008.

1 n. Of the nearly 8 million dollars in Medi-Cal billings during the audit period which  
2 DHCS found could not be supported by Respondent Pharmacy, \$6,959,656.00 of that sum was  
3 billed for Procrit.

4 o. The statutory time period within which Respondent is permitted to appeal the DHCS  
5 findings closed on or about March 31, 2009. Title 22, California Code Regulations section 51022.

6 p. On or about April 24, 2009 Senior Counsel for DHCS issued a written notice to the  
7 effect that DHCS had entered into a monetary settlement with Kyffin Pharmacy, Inc. As a  
8 component of that agreement, Kyffin agreed to pay funds in compliance with the audit demand.

9 **EXECUTION OF SEARCH WARRANT - APRIL 2009**

10 q. On April 8, 2009, Board inspectors assisted California Department of Justice (Bureau  
11 of Medi-Cal Frauds) agents during execution of a search warrant at Kyffin Pharmacy.

12 r. On April 8, 2009, Board inspectors immediately checked work tables in the area of  
13 the pharmacy where (in August of 2008) a Board inspector previously observed hundreds of  
14 unlabeled capsules and tablets separated into 'Dixie' type paper cups and vials. Inspectors found  
15 evidence that substantially similar activity was continuing and in progress in that area of the  
16 Pharmacy, including several large brown trash bags filled with partial or empty 'bubble' or  
17 'punch' cards. It appeared that workers at Respondent Pharmacy were in the process of removing  
18 drugs from punch cards, then sorting the drugs into irregular containers, without proper labeling.  
19 Inspectors found two cardboard boxes, one of which contained hundreds of unlabeled capsules  
20 and tablets in small 'ziplock' type plastic bags without requisite labeling, and without sufficient  
21 information to permit requisite labeling (drug name, strength, lot number, expiration date).

22 s. Board inspectors found another box stored beneath a desk in a different location of  
23 Respondent Pharmacy, filled with tablets and capsules sorted into 'ziplock' plastic bags without  
24 requisite labeling, and without sufficient information to permit requisite labeling (drug name,  
25 strength, lot number, expiration date). At least one of the plastic bags was attached with rubber  
26 bands to an overfilled manufacturer's container.

27 ///

28 ///

1 t. In an area of Respondent Pharmacy identified as the pharmacist's dispensing area,  
2 Board inspectors found two medication bubble cards which had been dispensed with incorrect  
3 medications and returned to Respondent pharmacy from two different facilities:

4 1) Prescription 4040152 (filled by Respondent Pharmacy on 4-2-2009). The  
5 prescription was for Temazepam 30 mg; it had been erroneously filled with Temazepam 15 mg;

6 2) Prescription 6399550 (filled by Respondent Pharmacy on 3-31-2009). The  
7 prescription was for Clozapine 25 mg; it had been erroneously filled with Clozapine 100 mg.

8 **FIRST CAUSE OF DISCIPLINE**  
9 **(Sale of Contaminated or Nonconforming Pharmaceuticals)**

10 33. RESPONDENT PHARMACY and RESPONDENT FUJITAKI are subject to  
11 discipline for unprofessional conduct as defined in section 4301(j) and (o) in conjunction with  
12 section 4342 and Health and Safety code section 111255, for sale of pharmaceuticals that lack  
13 quality, based on the following:

14 a. During a Board inspection on or about August 14, 2008, Respondent Pharmacy was  
15 found to be preparing hundreds of unlabeled capsules and tablets in 'Dixie' type paper cups and  
16 vials, rather than USP containers, and which were not properly labeled (with drug name, strength,  
17 expiration date) for reuse and redispensing to other patients.

18 b. Work spaces in Respondent Pharmacy were dirty, cluttered and untidy.

19 c. Analysis of samples of drugs taken from unlabeled paper cups on the work tables at  
20 the August 14, 2008 inspection showed a large quantity (65 tablets) of the drug Klonopin, an  
21 illegally returned controlled substance.

22 d. In a written statement submitted shortly after the August 14, 2008 inspection,  
23 Respondent Fujitaki admitted<sup>4</sup> that pharmacy technicians at Respondent Pharmacy routinely  
24 removed drugs from punch cards then sorted the drugs into irregular containers, without proper  
25 labeling, as observed by the Board's inspector on August 14, 2008, for the specific purpose of  
26 returning the drugs to inventory to be redispensed to other patients.

27 \_\_\_\_\_  
28 <sup>4</sup> The referenced statement was dated August 19, 2008.

SECOND CAUSE OF DISCIPLINE  
(Sale of Contaminated or Nonconforming Pharmaceuticals)

34. RESPONDENT PHARMACY and RESPONDENT KIM are subject to discipline for unprofessional conduct as defined in section 4301(j) and (o) in conjunction with section 4342 and Health and Safety Code section 111255, for sale of pharmaceuticals that lack quality, based on the following:

- a. Allegations of paragraph 33 above are realleged as though fully set forth.
- b. Respondent Kim assumed responsibility for pharmacy operations as pharmacist-in-charge on or about January 1, 2009.

c. Despite warnings from the Board after the August 2008 inspection about improper conduct related to processing returned drugs (including but not limited to a written notice dated August 14, 2008), Respondent Pharmacy was found to be engaged in substantially similar reprocessing activity at the time of a subsequent inspection (coinciding with execution of a search warrant) on April 8, 2009, by reason of the following:

1) In the same work area where Board inspectors previously observed drugs sorted for reuse into 'Dixie' cups described above, Inspectors saw several large brown trash bags filled with partial or empty 'bubble' or 'punch' cards. Workers at Respondent Pharmacy were in the process of removing drugs from punch cards, then sorting the drugs into small 'ziplock' type plastic bags without requisite labeling, and without sufficient information to permit requisite labeling (drug name, strength, lot number, expiration date).

2) Board inspectors found a box in which an unlabeled 'ziplock' plastic bag filled with tablets was attached with rubber bands to the outside of an overfilled manufacturer's container. The box also contained additional unlabeled 'ziplock' plastic bags with sorted drugs.

**THIRD CAUSE OF DISCIPLINE**  
**(Incorrectly Labeled Prescription Bottle)**

35. RESPONDENT PHARMACY and RESPONDENT KIM are subject to discipline for unprofessional conduct as defined in section 4301(j) and (o) and section 4076(a)(7) requiring that a prescription container must be labeled with the correct strength of the medication dispensed, in that, per evidence obtained by Board inspectors, that on or about March 31, 2009 and April 2, 2009, Kyffin Pharmacy dispensed incorrectly labeled medications as follows:

a. **Prescription 4040152** (dispensed on 4-2-2009) - The prescription was for Temazepam 30 mg; it had been erroneously filled by Respondent Pharmacy with Temazepam 15 mg.

b. **Prescription 6399550** (dispensed on 3-31-2009) - The prescription was for Clozapine 25 mg; it had been erroneously filled by Respondent Pharmacy with Clozapine 100 mg.

**FOURTH CAUSE FOR DISCIPLINE**  
**(Unprofessional Conduct - Gross Negligence)**

36. RESPONDENT PHARMACY, RESPONDENT FUJITAKI and RESPONDENT KIM are subject to discipline for unprofessional conduct as defined in section 4301(j) and (o) in conjunction with section 4342 and Health and Safety code section 111255 for gross negligence, in that in and about April of 2008 and again in April of 2009, Respondent Pharmacy adopted and/or engaged in routine practices for recovering and sorting previously dispensed medications for reuse and redispensing to other patients, which could potentially cause harm or injury to consumers, as described more fully in paragraphs 33, 34 and 35 above, as follows:

RESPONDENT PHARMACY and RESPONDENT FUJITAKI:

a. Respondents' practice in or about August of 2008 of sorting previously dispensed medications for reuse and redispensing to other patients into 'Dixie' type paper cups and vials which were not labeled (with drug name, strength, expiration date, lot number) was grossly negligent in that these Respondents:

1) Failed to insure that medications to be returned to stock for redispensing were correctly sorted by drug type, strength expiration date(s), and lot number;

1 a. 2007-2008 re-payment

2 On or about December 13, 2007, Respondent Kyffin paid the Department of Health Care  
3 Services \$350,000. in cash, based on Respondent's review of its records and determination,  
4 prompted by the Board's October 2007 inspection, that Kyffin had received an estimated  
5 \$757,000. or a 40% excess reimbursement from its Medi-Cal billings. Kyffin volunteered to  
6 repay a total amount of \$757,000. through DHCS to the Medi-Cal program, in a series of  
7 payments, to be completed by April 30, 2008.

8 b. 2009 settlement

9 (1) On or about October 8, 2008, DHCS investigators initiated an audit of inventory,  
10 billing and other pertinent records of Respondent Pharmacy focusing on four medications  
11 (including Procrit). The time period selected for the audit was July 1, 2005 through June 31,  
12 2008.

13 (2) On or about February 27, 2009, Respondent Kyffin, was issued formal notice of  
14 DHCS findings that Respondent was unable to show documents or records supporting its Medi-  
15 Cal billings for the four drugs during the audit period and determined that Respondent Pharmacy  
16 had been overpaid \$7,986,497.00. Repayment was demanded within 60 days.

17 (3) On or about April 24, 2009 Senior Counsel for DHCS issued a written notice to the  
18 effect that DHCS had entered into a monetary settlement with Kyffin Pharmacy, Inc. As a  
19 component of that agreement, Kyffin agreed to pay funds in compliance with the audit demand.

20 **SIXTH CAUSE FOR DISCIPLINE**  
21 **(Illegal Returns of Controlled Substances)**

22 38. RESPONDENT PHARMACY and RESPONDENT FUJITAKI are subject to  
23 discipline for unprofessional conduct as defined in section 4301(j) and (o) in conjunction with 22  
24 California Code of Regulations Section 72371(c)(1) and 72371(d)(1), prohibiting return of  
25 Schedule IV controlled substances to the issuing pharmacy, in that during a Board inspection on  
26 or about August 14, 2008, Respondent Pharmacy was found to be in possession of, and preparing  
27 for redispensing, 65 tablets of Clonazepam 0.5 mg that has been returned illegally from a skilled  
28 nursing facility.

**SEVENTH CAUSE FOR DISCIPLINE**  
**(Failure to Maintain Complete and Current Records of Drug Transactions)**

39. RESPONDENT PHARMACY and RESPONDENT FUJITAKI are subject to discipline for unprofessional conduct as defined in section 4301(j) and (o) in conjunction with section 4081(a), section 4333 and 16 California Code of Regulations Section 1718 for failure to maintain complete and current inventory records related to drug inventories and distribution, in that Respondents dispensed at least 4006 more units of the drug Procrit than the pharmacy has records of acquiring, per an audit by Board inspectors of inventory records between January and November of 2007, as follows:

a. Commencing on January 1, 2007, a selected drug audit was performed by a Board inspector for the drug Procrit. The audit period was from January 1, 2007 through November 15, 2007, and revealed that Respondent pharmacy had purchased 5197 units of the drug Procrit during that period, but had dispensed 9445 units, at least 4105 more units of the drug than the pharmacy could account for purchasing. Even reducing the 4006 total by 99 units ("stock on hand" per a count taken on October 23, 2007), Respondents show a discrepancy of at least 4006 units, as follows:

<u>DRUG</u>	<u>STOCK ON HAND ESTIMATE</u>	<u>AMOUNT PURCHASED</u>	<u>AMOUNT DISPENSED</u>	<u>CREDITS/ RETURNS</u>	<u>DIFFERENCE</u>
Procrit	99	5197	9445	143	$[(5197 + 143) - 9445 = 4105]$ $[4105 - 99 = 4006]$ <b>4006</b>

b. Respondents failed to maintain all records of sale, acquisition and disposition of the drug Procrit for the required three year time period.
