Moreover, if the final probation report is not made as directed, probation shall be automatically extended until such time as the final report is made and accepted by the board.

3. Interview with the Board

Upon receipt of reasonable prior notice, respondent shall appear in person for interviews with the board or its designee, at such intervals and locations as are determined by the board or its designee. Failure to appear for any scheduled interview without prior notification to board staff, or failure to appear for two (2) or more scheduled interviews with the board or its designee during the period of probation, shall be considered a violation of probation.

4. Cooperate with Board Staff

Respondent shall cooperate with the board's inspection program and with the board's monitoring and investigation of respondent's compliance with the terms and conditions of his probation. Failure to cooperate shall be considered a violation of probation.

5. Continuing Education

6. Notice to Employers

Within thirty (30) days of the effective date of this decision, and within fifteen (15) days of respondent undertaking any new employment, respondent shall cause his direct supervisor,

pharmacist-in-charge (including each new pharmacist-in-charge employed during respondent's tenure of employment) and owner to report to the board in writing acknowledging that the listed individual(s) has/have read the decision in case number 4614, and terms and conditions imposed thereby. It shall be respondent's responsibility to ensure that his employer(s) and/or supervisor(s) submit timely acknowledgment(s) to the board.

If respondent works for or is employed by or through a pharmacy employment service, respondent must notify his direct supervisor, pharmacist-in-charge, and owner at every entity licensed by the board of the terms and conditions of the decision in case number 4614 in advance of the respondent commencing work at each licensed entity. A record of this notification must be provided to the board upon request.

Furthermore, within thirty (30) days of the effective date of this decision, and within fifteen (15) days of respondent undertaking any new employment by or through a pharmacy employment service, respondent shall cause his direct supervisor with the pharmacy employment service to report to the board in writing acknowledging that he has read the decision in case number 4614 and the terms and conditions imposed thereby. It shall be respondent's responsibility to ensure that his employer(s) and/or supervisor(s) submit timely acknowledgment(s) to the board.

Failure to timely notify present or prospective employer(s) or to cause that/those employer(s) to submit timely acknowledgments to the board shall be considered a violation of probation.

"Employment" within the meaning of this provision shall include any full-time, parttime, temporary, relief or pharmacy management service as a pharmacist or any position for which a pharmacist license is a requirement or criterion for employment, whether the respondent is an employee, independent contractor or volunteer.

7. No Supervision of Interns, Serving as Pharmacist-in-Charge (PIC), Serving as Designated Representative-in-Charge, or Serving as a Consultant

During the period of probation, respondent shall not supervise any intern pharmacist, be the pharmacist-in-charge or designated representative-in-charge of any entity licensed by the board

nor serve as a consultant unless otherwise specified in this order. Assumption of any such unauthorized supervision responsibilities shall be considered a violation of probation.

8. Reimbursement of Board Costs

As a condition precedent to successful completion of probation, respondent shall pay to the board its costs of investigation and prosecution in the amount of \$5,000.00 within one year of the effective date of this order. Respondent shall make payment by cashier check or money order payable to "Board of Pharmacy." Payment shall be mailed to Board of Pharmacy, 1625 North Market Boulevard, Suite N219, Sacramento, CA 95834-1924 and indicate the citation number for which payment is being made.

Respondent further agrees that he will be individually, and jointly and severally, liable with Respondents Antony M. Bradley and Glesener Pharmacy for payment in full of the board's costs of investigation and prosecution totaling \$15,000.00, with regard to Accusation No. 4614, within one year of the effective date of this order.

There shall be no deviation from this schedule absent prior written approval by the board or its designee. Failure to pay costs by the deadline(s) as directed shall be considered a violation of probation.

The filing of bankruptcy by respondent shall not relieve respondent of his responsibility to reimburse the board its costs of investigation and prosecution.

9. Probation Monitoring Costs

Respondent shall pay any costs associated with probation monitoring as determined by the board each and every year of probation. Such costs shall be payable to the board on a schedule as directed by the board or its designee. Failure to pay such costs by the deadline(s) as directed shall be considered a violation of probation.

10. Status of License

Respondent shall, at all times while on probation, maintain an active, current license with the board, including any period during which suspension or probation is tolled. Failure to maintain an active, current license shall be considered a violation of probation.

If respondent's license expires or is cancelled by operation of law or otherwise at any time during the period of probation, including any extensions thereof due to tolling or otherwise, upon renewal or reapplication respondent's license shall be subject to all terms and conditions of this probation not previously satisfied.

11. License Surrender While on Probation/Suspension

Following the effective date of this decision, should respondent cease practice due to retirement or health, or be otherwise unable to satisfy the terms and conditions of probation, respondent may tender his license to the board for surrender. The board or its designee shall have the discretion whether to grant the request for surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, respondent will no longer be subject to the terms and conditions of probation. This surrender constitutes a record of discipline and shall become a part of the respondent's license history with the board.

Upon acceptance of the surrender, respondent shall relinquish his pocket and wall license to the board within ten (10) days of notification by the board that the surrender is accepted. Respondent may not reapply for any license from the board for three (3) years from the effective date of the surrender. Respondent shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the board, including any outstanding costs.

12. Notification of a Change in Name, Residence Address, Mailing Address or Employment

Respondent shall notify the board in writing within ten (10) days of any change of employment. Said notification shall include the reasons for leaving, the address of the new employer, the name of the supervisor and owner, and the work schedule if known. Respondent shall further notify the board in writing within ten (10) days of a change in name, residence address, mailing address, or phone number.

Failure to timely notify the board of any change in employer(s), name(s), address(es), or phone number(s) shall be considered a violation of probation.

///

13. Tolling of Probation

Except during periods of suspension, respondent shall, at all times while on probation, be employed as a pharmacist in California for a minimum of forty (40) hours per calendar month. Any month during which this minimum is not met shall toll the period of probation, i.e., the period of probation shall be extended by one month for each month during which this minimum is not met. During any such period of tolling of probation, respondent must nonetheless comply with all terms and conditions of probation.

Should respondent, regardless of residency, for any reason (including vacation) cease practicing as a pharmacist for a minimum of forty (40) hours per calendar month in California, respondent must notify the board in writing within ten (10) days of the cessation of practice, and must further notify the board in writing within ten (10) days of the resumption of practice. Any failure to provide such notification(s) shall be considered a violation of probation.

It is a violation of probation for respondent's probation to remain tolled pursuant to the provisions of this condition for a total period, counting consecutive and non-consecutive months, exceeding thirty-six (36) months.

"Cessation of practice" means any calendar month during which respondent is not practicing as a pharmacist for at least 40 hours, as defined by Business and Professions Code section 4000 et seq. "Resumption of practice" means any calendar month during which respondent is practicing as a pharmacist for at least 40 hours as a pharmacist as defined by Business and Professions Code section 4000 et seq.

14. Violation of Probation

If a respondent has not complied with any term or condition of probation, the board shall have continuing jurisdiction over respondent, and probation shall automatically be extended, until all terms and conditions have been satisfied or the board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed.

If respondent violates probation in any respect, the board, after giving respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order that

was stayed. Notice and opportunity to be heard are not required for those provisions stating that a violation thereof may lead to automatic termination of the stay and/or revocation of the license. If a petition to revoke probation or an accusation is filed against respondent during probation, the board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided.

15. Completion of Probation

Upon written notice by the board or its designee indicating successful completion of probation, respondent's license will be fully restored.

16. Community Services Program

Within sixty (60) days of the effective date of this decision, respondent shall submit to the board or its designee, for prior approval, a community service program in which respondent shall provide free health-care related services on a regular basis to a community or charitable facility or agency for at least forty eight (48) hours per year for the first two years of probation. Within thirty (30) days of board approval thereof, respondent shall submit documentation to the board demonstrating commencement of the community service program. A record of this notification must be provided to the board upon request. Respondent shall report on progress with the community service program in the quarterly reports. Failure to timely submit, commence, or comply with the program shall be considered a violation of probation.

17. Remedial Education

Within ninety (90) days of the effective date of this decision, respondent shall submit to the board or its designee, for prior approval, an appropriate program of remedial education related to drug security, and maintaining accountability of pharmacy operations. The program of remedial education shall consist of at least twenty (20) hours, which shall be completed within two years at respondent's own expense. All remedial education shall be in addition to, and shall not be credited toward, continuing education (CE) courses used for license renewal purposes.

Failure to timely submit or complete the approved remedial education shall be considered a violation of probation. The period of probation will be automatically extended until such remedial education is successfully completed and written proof, in a form acceptable to the board,

is provided to the board or its designee.

Following the completion of each course, the board or its designee may require the respondent, at his own expense, to take an approved examination to test the respondent's knowledge of the course. If the respondent does not achieve a passing score on the examination, this failure shall be considered a violation of probation. Any such examination failure shall require respondent to take another course approved by the board in the same subject area.

18. Supervised Practice

During the period of probation, respondent shall practice only under the supervision of a licensed pharmacist not on probation with the board. Upon and after the effective date of this decision, respondent shall not practice pharmacy and his license shall be automatically suspended until a supervisor is approved by the board or its designee. The supervision shall be, as required by the board or its designee, either:

Continuous – At least 75% of a work week

Substantial - At least 50% of a work week

Partial - At least 25% of a work week

Daily Review - Supervisor's review of probationer's daily activities within 24 hours

Within thirty (30) days of the effective date of this decision, respondent shall have his
supervisor submit notification to the board in writing stating that the supervisor has read the
decision in case number 4614 and is familiar with the required level of supervision as determined
by the board or its designee. It shall be the respondent's responsibility to ensure that his
employer(s), pharmacist-in-charge and/or supervisor(s) submit timely acknowledgement(s) to the
board. Failure to cause the direct supervisor and the pharmacist-in-charge to submit timely
acknowledgements to the board shall be considered a violation of probation.

If respondent changes employment, it shall be the respondent's responsibility to ensure that his employer(s), pharmacist-in-charge and/or supervisor(s) submit timely acknowledgement(s) to the board. Respondent shall have his new supervisor, within fifteen (15) days after employment commences, submit notification to the board in writing stating the direct supervisor and pharmacist-in-charge have read the decision in case number 4614 and is familiar with the level of

supervision as determined by the board. Respondent shall not practice pharmacy and his license shall be automatically suspended until the board or its designee approves a new supervisor. Failure to cause the direct supervisor and the pharmacist-in-charge to submit timely acknowledgements to the board shall be considered a violation of probation.

Within ten (10) days of leaving employment, respondent shall notify the board in writing.

During suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, veterinary food-animal drug retailer or any other distributor of drugs which is licensed by the board, or any manufacturer, or where dangerous drugs and devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, manufacturing or dispensing of dangerous drugs and controlled substances. Respondent shall not resume practice until notified by the board.

During suspension, respondent shall not engage in any activity that requires the professional judgment of a pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy. Respondent shall not perform the duties of a pharmacy technician or a designated representative for any entity licensed by the board.

Subject to the above restrictions, respondent may continue to own or hold an interest in any licensed premises in which he holds an interest at the time this decision becomes effective unless otherwise specified in this order.

Failure to comply with this suspension shall be considered a violation of probation.

19. No New Ownership of Licensed Premises

Respondent shall not acquire any new ownership, legal or beneficial interest nor serve as a manager, administrator, member, officer, director, trustee, associate, or partner of any additional business, firm, partnership, or corporation licensed by the board. If respondent currently owns or has any legal or beneficial interest in, or serves as a manager, administrator, member, officer, director, trustee, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the board, respondent may continue to serve in such capacity or hold

that interest, but only to the extent of that position or interest as of the effective date of this decision. Violation of this restriction shall be considered a violation of probation.

Consultant for Owner or Pharmacist-In-Charge

During the period of probation, respondent shall not supervise any intern pharmacist or serve as a consultant to any entity licensed by the board. Respondent may be a pharmacist-incharge. However, if during the period of probation respondent serves as a pharmacist-in-charge, respondent shall retain an independent consultant at his or her own expense who shall be responsible for reviewing pharmacy operations on a monthly basis for the first three (3) years of probation and quarterly for the last two (2) years of probation, for compliance by respondent with state and federal laws and regulations governing the practice of pharmacy and for compliance by respondent with the obligations of a pharmacist-in-charge. The consultant shall be a pharmacist licensed by and not on probation with the board and whose name shall be submitted to the board or its designee, for prior approval, within thirty (30) days of the effective date of this decision. Respondent shall not be a pharmacist-in-charge at more than one pharmacy or at any pharmacy of which he or she is not the sole owner. Failure to timely retain, seek approval of, or ensure timely reporting by the consultant shall be considered a violation of probation.

Ethics Course 21.

Within sixty (60) calendar days of the effective date of this decision, respondent shall enroll in a course in ethics, at respondent's expense, approved in advance by the board or its designee. Failure to initiate the course during the first year of probation, and complete it within the second year of probation, is a violation of probation.

Respondent shall submit a certificate of completion to the board or its designee within five days after completing the course.

- Pharmacist Technician CR began working at Glesener Pharmacy in 2001 and assisted with durable equipment. CR became a licensed technician in 2010. In or about March of 2011, she began working in the dispensing area of the pharmacy where the Schedule II controlled drugs were kept.

Operational Standards and Security

Respondent Austin and the CSOS System Password

Respondent Austin worked as a pharmacist at Glesener Pharmacy from 2005 until November 14, 2011, when he was terminated as a result of missing medication from the pharmacy. Respondent Austin was responsible for ordering Schedule II controlled drugs. He ordered drugs under the Drug Enforcement Administration's (DEA) Controlled Substance Ordering System (CSOS) program² through the use of his CSOS password, also known as a private key. Respondent Austin also checked in and signed the delivery of the Schedule II controlled drugs. Respondent Austin was assigned to fill and dispense outpatient prescriptions

¹ Initials are used to protect the identity of individuals. Identities will be disclosed during

This system allows for secure electronic ordering of controlled substances through a protected CSOS password. A CSOS Certificate is a digital identity issued by the DEA's CSOS Certification Authority that allows for electronic ordering for Schedule I and II (as well as III-V) controlled substances. Each CSOS certificate is issued to only one individual person. This person, called a CSOS Subscriber, is an individual who enrolled in the CSOS program with the DEA and whose name appears in the digital certificate. A digital signature using a CSOS certificate is required when submitting an electronic order for controlled substances. Only the individual subscriber whose name appears in the certificate is authorized to perform this digital signature. While the paper DEA Form-222 ordering process is still allowed, CSOS is the only method for ordering Schedule I and II controlled substances electronically.

Monday through Friday, 40 hours per week, with one hour lunch break. Respondent Austin maintained a personal monthly log that documented what Schedule II controlled drugs were dispensed. He maintained this record at home but it was not maintained accurately each month. However, he was aware that the pharmacy dispensed an average of 300 pills per month of Oxycontin 80 mg.

- 33. Respondent Austin's CSOS password was not secure and was located in a folder, with instructions how to order drugs, accessible to others in the pharmacy. Anyone could log into his account and electronically order Schedule II controlled drugs for the pharmacy. From May 1, 2011 to November 14, 2011, Respondent Glesener Pharmacy, Respondent Bradley and Respondent Austin failed to maintain records for the CSOS electronic orders.
- 34. From May 1, 2011 to November 14, 2011, Respondent Glesener Pharmacy, Respondent Bradley and Respondent Austin knowingly allowed pharmacy staff to use a CSOS password registered to Respondent Austin to order Schedule II controlled drugs, including Pharmacist Technicians XC and TH. From September 7, 2011 through September 23, 2011, Respondent Austin was on vacation and not at the pharmacy. Respondent Austin's password was used on September 15, 2011 and September 22, 2011 by staff other than Respondent Austin to order Schedule II controlled drugs. Pharmacist Technician XC placed drug orders in Respondent Austin's absence.

Acquisition, Disposition and Storage of Drugs

delivered to the pharmacy by AmerisourceBergen's delivery driver into the back room of the pharmacy. Respondent D'Angelo, Respondent Bradley or Respondent Austin would sign for the drug delivery and then the drugs were "stickered." Schedule II controlled drugs were placed in a locked cabinet located in the dispensing area or left on the dispensing counter. There was no log book or any record keeping of any Schedule II narcotics for receipt or dispensing. Employees worked in the backroom bubble packing 30 day dispensing cards for board and care homes. The employees would come to the dispensing counter and, without telling a pharmacist or showing

them prescription labels, would take whatever Schedule II controlled drugs they needed to bubble pack.

36. A pharmacist had a key to the locked drawer which contained Schedule II controlled drugs were kept in the locked drawer, except Percocet. However, the drawer was unlocked at the start of the day and left open until a pharmacist locked it at the end of the day. The drawer was not secure and was accessible to others in the pharmacy.

Loss of Controlled Substances

- 37. In early October of 2011, Respondent D'Angelo was considering changing the wholesaler from whom they purchased drugs and, therefore, examined the recent Schedule II controlled drug purchases. He noticed an escalation in purchases of Schedule II controlled drugs and advised Respondent Bradley of same.
- 38. Respondent Bradley then noticed a larger amount of Oxycodone was ordered by the pharmacy. He held a staff meeting and reminded staff that they should not accept any prescriptions for Oxycodone and Oxycontin from customers outside the immediate area. He also instructed staff to check to see if the prescribing physician had any disciplinary actions prior to accepting the prescription.
- 39. On November 7, 2011, Respondent Austin approached Respondent Bradley and stated that he ordered three bottles of Oxycontin 80 mg on November 4, 1011 and two bottles were missing. There were no prescriptions for Oxycontin 80 mg dispensed. Respondent Bradley reviewed the Schedule II controlled drug delivery receipt and noticed Respondent Austin had failed to mention he had also ordered 4 bottles of Oxycodone 10 mg and 4 bottles of Oxycodone 30 mg.
- 40. A review of 8 months of purchase, usage and inventory showed a loss of Schedule II controlled drugs for a six month period beginning in May 1, 2011 to November 2011. An analysis of the Schedule II controlled drug invoices revealed the pharmacy was missing tablets of Oxycodone and Oxycontin.

///

41. From May 1, 2011 through November 14, 2011, Respondent Austin, while working at Glesener Pharmacy, was aware that the pharmacy was ordering excessive amounts of Oxycontin 80 mg tablets without reason. Further, while he was responsible for ordering the Schedule II controlled substances, 7, 200 tablets of Oxycontin 80 mg, 3,450 tablets of Oxycontin 60 mg and 7, 520 tablets of Oxycodone 30 mg were unaccounted for and he could not provide disposition records for that medication.

- 42. On November 14, 2011, Respondent Austin was terminated from his employment with Respondent Glesener Pharmacy.
- 43. On or about the November 15, 2011, Respondent D'Angelo, as partner of Respondent Glesener Pharmacy, filed a U.S. Department of Justice Drug Enforcement Administration (DEA) Report of Theft or Loss of Controlled Substances. The report stated that Respondent Austin, using his CSOS password, purchased "all" Schedule II controlled drugs. The report stated that, Respondent Austin, when confronted by Respondent D'Angelo, admitted to purchasing several times more Oxycodone than was going to be dispensed. The report also stated that Respondent Austin's purchases included the following, for example, for Oxycontin 80 mg:

<u>Month</u>	Usage	Purchased
June 2011	300	800
July 2011	300	1300
August 2011	300	1600
September 2011	300	1900
November 2011	300	1600

Type of Drugs Missing	Amount of Drug
Oxycodone 30 mg tablets	2806 tablets
Oxycontin 60 mg tablets	2950 tablets
Oxycontin 80 mg tablets	5766 tablets

- 45. The report also stated that a theft report had been made with the Covina Police Department.
- 46. A further review of the purchase records of Amerisource Bergen, the dispensing records, and Respondent Glesener Pharmacy's annual inventory, indicates that the actual loss of controlled substance is as follows:

Type of Drugs Missing	Amount of Drug
Oxycodone 30 mg tablets	7520 tablets
Oxycontin 60 mg tablets	3450 tablets
Oxycontin 80 mg tablets	7200 tablets

- 47. Respondent Glesener Pharmacy, Respondent Bradley, Respondent D'Angelo, from May 1, 2011 through November 14, 2011, did not maintain disposition records for and could not account for these missing drugs.
- 48. On November 23, 2011, the Board received a copy of the report filed with the DEA by Respondent D'Angelo.
- 49. When questioned by a Board Inspector regarding why he ordered large amounts of three different strengths of Oxycodone days apart, Respondent Austin replied "I don't know." When asked why he ordered an average of 1300 tablets of Oxycotin a month, after he confirmed that the pharmacy dispensed an average of 300 Oxycontin 80 mg tablets per month, Respondent Austin again replied "I don't know."
