Failure to submit timely reports in a form as directed shall be considered a violation of probation. Any period(s) of delinquency in submission of reports as directed may be added to the total period of probation. Moreover, if the final probation report is not made as directed, probation shall be automatically extended until such time as the final report is made and accepted by the board.

4. Interview with the Board

Upon receipt of reasonable prior notice, respondent shall appear in person for interviews with the board or its designee, at such intervals and locations as are determined by the board or its designee. Within thirty (30) days of the effective date of this decision, and within fifteen (15) days of respondent undertaking any new employment, respondent shall cause his direct supervisor, pharmacist-in-charge (including each new pharmacist-in-charge employed during respondent's tenure of employment) and owner to report to the board in writing acknowledging that the listed individual(s) has/have read the decision in case number 4826, and terms and conditions imposed thereby. It shall be respondent's responsibility to ensure that his employer(s) and/or supervisor(s) submit timely acknowledgment(s) to the board.

If respondent works for or is employed by or through a pharmacy employment service, respondent must notify his direct supervisor, pharmacist-in-charge, and owner at every entity licensed by the board of the terms and conditions of the decision in case number 4826 in advance

22.

of the respondent commencing work at each licensed entity. A record of this notification must be provided to the board upon request.

Furthermore, within thirty (30) days of the effective date of this decision, and within fifteen (15) days of respondent undertaking any new employment by or through a pharmacy employment service, respondent shall cause his direct supervisor with the pharmacy employment service to report to the board in writing acknowledging that he has read the decision in case number 4826 and the terms and conditions imposed thereby. It shall be respondent's responsibility to ensure that his employer(s) and/or supervisor(s) submit timely acknowledgment(s) to the board.

Failure to timely notify present or prospective employer(s) or to cause that/those employer(s) to submit timely acknowledgments to the board shall be considered a violation of probation.

"Employment" within the meaning of this provision shall include any full-time, part-time, temporary, relief or pharmacy management service as a pharmacist or any position for which a pharmacist license is a requirement or criterion for employment, whether the respondent is an employee, independent contractor or volunteer.

8. No Supervision of Interns, Serving as Pharmacist-in-Charge (PIC), Serving as Designated Representative-in-Charge, or Serving as a Consultant

During the period of probation, respondent shall not supervise any intern pharmacist, be the pharmacist-in-charge or designated representative-in-charge of any entity licensed by the board nor serve as a consultant unless otherwise specified in this order. 9. Reimbursement of Board Costs

As a condition precedent to successful completion of probation, Respondent Pradeep Kumar Amin and Respondent owner Vitshanta,Inc.,dba Sierra Pharmacy ("Respondents") shall be jointly and severally liable to pay to the board its costs of investigation and prosecution in the amount of \$12,500. Respondents shall be permitted to pay these costs in a payment plan approved by the Board or its designee, with payments to be completed no later than one month prior to the end of the probation term. There shall be no deviation from this schedule absent prior

written approval by the board or its designee. Failure to pay costs by the deadline(s) as directed shall be considered a violation of probation.

The filing of bankruptcy by Respondents, and each of them, shall not relieve them of the responsibility to reimburse the board its costs of investigation and prosecution.

10. Probation Monitoring Costs

Respondent shall pay any costs associated with probation monitoring as determined by the board each and every year of probation. Such costs shall be payable to the board on a schedule as directed by the board or its designee. Failure to pay such costs by the deadline(s) as directed shall be considered a violation of probation.

11. Status of License

Respondent shall, at all times while on probation, maintain an active, current license with the board, including any period during which suspension or probation is tolled. Failure to maintain an active, current license shall be considered a violation of probation.

If respondent's license expires or is cancelled by operation of law or otherwise at any time during the period of probation, including any extensions thereof due to tolling or otherwise, upon renewal or reapplication respondent's license shall be subject to all terms and conditions of this probation not previously satisfied.

12. License Surrender While on Probation/Suspension

Following the effective date of this decision, should respondent cease practice due to retirement or health, or be otherwise unable to satisfy the terms and conditions of probation, respondent may tender his license to the board for surrender. The board or its designee shall have the discretion whether to grant the request for surrender or take any other action it deems appropriate and reasonable. Upon formal acceptance of the surrender of the license, respondent will no longer be subject to the terms and conditions of probation. This surrender constitutes a record of discipline and shall become a part of the respondent's license history with the board.

Upon acceptance of the surrender, respondent shall relinquish his pocket and wall license to the board within ten (10) days of notification by the board that the surrender is accepted.

Respondent may not reapply for any license from the board for three (3) years from the effective

date of the surrender. Respondent shall meet all requirements applicable to the license sought as of the date the application for that license is submitted to the board, including any outstanding costs.

Notification of a Change in Name, Residence Address, Mailing Address or **Employment**

Respondent shall notify the board in writing within ten (10) days of any change of employment. Said notification shall include the reasons for leaving, the address of the new employer, the name of the supervisor and owner, and the work schedule if known. Respondent shall further notify the board in writing within ten (10) days of a change in name, residence address, mailing address, or phone number.

Failure to timely notify the board of any change in employer(s), name(s), address(es), or phone number(s) shall be considered a violation of probation.

14. **Tolling of Probation**

Except during periods of suspension, respondent shall, at all times while on probation, be employed as a pharmacist in California for a minimum of forty (40) hours per calendar month. Any month during which this minimum is not met shall toll the period of probation, i.e., the period of probation shall be extended by one month for each month during which this minimum is not met. During any such period of tolling of probation, respondent must nonetheless comply with all terms and conditions of probation.

Should respondent, regardless of residency, for any reason (including vacation) cease practicing as a pharmacist for a minimum of forty (40) hours per calendar month in California, respondent must notify the board in writing within ten (10) days of the cessation of practice, and must further notify the board in writing within ten (10) days of the resumption of practice. Any failure to provide such notification(s) shall be considered a violation of probation.

It is a violation of probation for respondent's probation to remain tolled pursuant to the provisions of this condition for a total period, counting consecutive and non-consecutive months, exceeding thirty-six (36) months.

 "Cessation of practice" means any calendar month during which respondent is not practicing as a pharmacist for at least forty (40) hours, as defined by Business and Professions Code section 4000 et seq. "Resumption of practice" means any calendar month during which respondent is practicing as a pharmacist for at least forty (40) hours as a pharmacist as defined by Business and Professions Code section 4000 et seq.

15. Violation of Probation

If a respondent has not complied with any term or condition of probation, the board shall have continuing jurisdiction over respondent, and probation shall automatically be extended, until all terms and conditions have been satisfied or the board has taken other action as deemed appropriate to treat the failure to comply as a violation of probation, to terminate probation, and to impose the penalty that was stayed.

If respondent violates probation in any respect, the board, after giving respondent notice and an opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. Notice and opportunity to be heard are not required for those provisions stating that a violation thereof may lead to automatic termination of the stay and/or revocation of the license. If a petition to revoke probation or an accusation is filed against respondent during probation, the board shall have continuing jurisdiction and the period of probation shall be automatically extended until the petition to revoke probation or accusation is heard and decided, and the charges and allegations in the Accusation shall be deemed true and correct.

16. Completion of Probation

Upon written notice by the board or its designee indicating successful completion of probation, respondent's license will be fully restored.

17. Remedial Education

Within ninety (90) days of the effective date of this decision, respondent shall submit to the board or its designee, for prior approval, an appropriate program of remedial education related to corresponding responsibility and prescription drug abuse. The program of remedial education shall consist of at least thirty (30) hours, which shall be completed at respondent's own expense,

as follows: ten (10) hours per year for each of the first three (3) years of probation. All remedial education shall be in addition to, and shall not be credited toward, continuing education (CE) courses used for license renewal purposes.

Failure to timely submit or complete the approved remedial education shall be considered a violation of probation. The period of probation will be automatically extended until such remedial education is successfully completed and written proof, in a form acceptable to the board, is provided to the board or its designee.

Following the completion of each course, the board or its designee may require the respondent, at his own expense, to take an approved examination to test the respondent's knowledge of the course. If the respondent does not achieve a passing score on the examination, this failure shall be considered a violation of probation. Any such examination failure shall require respondent to take another course approved by the board in the same subject area.

18. Supervised Practice

During the period of probation, respondent shall practice only under the supervision of a licensed pharmacist not on probation with the board. Upon and after the effective date of this decision, respondent shall not practice pharmacy and his license shall be automatically suspended until a supervisor is approved by the board or its designee. The supervision shall be, as required by the board or its designee, either:

Continuous – At least 75% of a work week

Substantial - At least 50% of a work week

Partial - At least 25% of a work week

Daily Review - Supervisor's review of probationer's daily activities within 24 hours Within thirty (30) days of the effective date of this decision, respondent shall have his

supervisor submit notification to the board in writing stating that the supervisor has read the decision in case number 4826 and is familiar with the required level of supervision as determined by the board or its designee. It shall be the respondent's responsibility to ensure that his employer(s), pharmacist-in-charge and/or supervisor(s) submit timely acknowledgement(s) to the board. Failure to cause the direct supervisor and the pharmacist-in-charge to submit timely

| | | | | |

acknowledgements to the board shall be considered a violation of probation.

If respondent changes employment, it shall be the respondent's responsibility to ensure that his employer(s), pharmacist-in-charge and/or supervisor(s) submit timely acknowledgement(s) to the board. Respondent shall have his new supervisor, within fifteen (15) days after employment commences, submit notification to the board in writing stating the direct supervisor and pharmacist-in-charge have read the decision in case number 4826 and is familiar with the level of supervision as determined by the board. Respondent shall not practice pharmacy and his license shall be automatically suspended until the board or its designee approves a new supervisor. Failure to cause the direct supervisor and the pharmacist-in-charge to submit timely acknowledgements to the board shall be considered a violation of probation.

Within ten (10) days of leaving employment, respondent shall notify the board in writing.

During suspension, respondent shall not enter any pharmacy area or any portion of the licensed premises of a wholesaler, veterinary food-animal drug retailer or any other distributor of drugs which is licensed by the board, or any manufacturer, or where dangerous drugs and devices or controlled substances are maintained. Respondent shall not practice pharmacy nor do any act involving drug selection, selection of stock, manufacturing, compounding, dispensing or patient consultation; nor shall respondent manage, administer, or be a consultant to any licensee of the board, or have access to or control the ordering, manufacturing or dispensing of dangerous drugs and controlled substances. Respondent shall not resume practice until notified by the board.

During suspension, respondent shall not engage in any activity that requires the professional judgment of a pharmacist. Respondent shall not direct or control any aspect of the practice of pharmacy. Respondent shall not perform the duties of a pharmacy technician or a designated representative for any entity licensed by the board.

Subject to the above restrictions, respondent may continue to own or hold an interest in any licensed premises in which he holds an interest at the time this decision becomes effective unless otherwise specified in this order.

Failure to comply with this suspension shall be considered a violation of probation.

19. No New Ownership of Licensed Premises

Respondent shall not acquire any new ownership, legal or beneficial interest nor serve as a manager, administrator, member, officer, director, trustee, associate, or partner of any additional business, firm, partnership, or corporation licensed by the board. If respondent currently owns or has any legal or beneficial interest in, or serves as a manager, administrator, member, officer, director, trustee, associate, or partner of any business, firm, partnership, or corporation currently or hereinafter licensed by the board, respondent may continue to serve in such capacity or hold that interest, but only to the extent of that position or interest as of the effective date of this decision. Violation of this restriction shall be considered a violation of probation.

20. Consultant for Pharmacist-In-Charge

During the period of probation, respondent shall not supervise any intern pharmacist or serve as a consultant to any entity licensed by the board.

After twelve monthly reports have been submitted timely, Respondent owner may request that the Board or its designee approve Respondent to be a pharmacist-in-charge. Approval or denial of such request shall be within the discretion of the Board or its designee.

However, if during the period of probation respondent serves as a pharmacist-in-charge, respondent shall retain an independent consultant at his own expense who shall be responsible for reviewing pharmacy operations on a monthly basis for compliance by respondent with state and federal laws and regulations governing the practice of pharmacy and for compliance by respondent with the obligations of a pharmacist-in-charge. The consultant shall be a pharmacist licensed by and not on probation with the board and whose name shall be submitted to the board or its designee, for prior approval, within thirty (30) days of the effective date of this decision. Respondent shall not be a pharmacist-in-charge at more than one pharmacy or at any pharmacy of which he is not the sole owner. Should respondent serve as a pharmacist-in-charge, so long as Respondent is fully compliant with all terms of probation, the Board or its designee may permit the review of pharmacy operations by a consultant on a quarterly basis.

Failure to timely retain, seek approval of, or ensure timely reporting by the consultant shall be considered a violation of probation.

21. Tolling of Suspension

2.5

During the period of suspension, respondent shall not leave California for any period exceeding ten (10) days, regardless of purpose (including vacation). Any such absence in excess of the (10) days during suspension shall be considered a violation of probation. Moreover, any absence from California during the period of suspension exceeding ten (10) days shall toll the suspension, i.e., the suspension shall be extended by one day for each day over ten (10) days respondent is absent from California. During any such period of tolling of suspension, respondent must nonetheless comply with all terms and conditions of probation.

Respondent must notify the board in writing within ten (10) days of departure, and must further notify the board in writing within ten (10) days of return. The failure to provide such notification(s) shall constitute a violation of probation. Upon such departure and return, respondent shall not resume the practice of pharmacy until notified by the board that the period of suspension has been satisfactorily completed.

22. Ethics Course

Within sixty (60) calendar days of the effective date of this decision, respondent shall enroll in a course in ethics, at respondent's expense, approved in advance by the board or its designee. Failure to initiate the course during the first year of probation, and complete it within the second year of probation, is a violation of probation.

Respondent shall submit a certificate of completion to the board or its designee within five days after completing the course.

FACTUAL ALLEGATIONS

- 19. From December 5, 2008 and at all times mentioned herein, Respondent Pradeep Amin was the Pharmacist-in-Charge of Respondent Sierra Pharmacy.
- 20. From January 4, 2010 to September 26, 2011, Respondents filled 1,220 prescriptions for controlled substances which were written by Dr. A.S. None of the five pharmacics closest in geographical proximity to Respondent Sierra Pharmacy dispensed a single prescription written by Dr. A.S. The amounts of hydrocodone/apap dispensed by Respondents during the same time frame was higher than neighboring pharmacies.
- 21. On July 22, 2005, an accusation was filed against Dr. A.S., a physician with a primary practice area of family and general practice, charging Dr. A.S. with gross negligence, repeated negligent acts, incompetence, dishonesty and prescribing without medical indication or performing a good faith physical examination, among other violations of the Medical Practice Act. On April 30, 2007, a stipulated settlement and disciplinary order was adopted by the Medical Board, placing Dr. A.S. on probation for four years.
- 22. On June 18, 2009, another accusation and a petition to revoke probation was filed against Dr. A.S. charging him with dishonesty and failing to comply with the term and condition of his probation requiring him to maintain a drug log for all controlled substances ordered, prescribed, dispensed, administered or possessed by him. On March 26, 2010, another stipulated

.9

settlement and disciplinary order was adopted by the Medical Board, extending his probation for four additional years on the same terms and conditions in addition to prohibiting him from writing prescriptions for Schedule II controlled substances.

- 23. On September 20, 2012, an interim suspension order was issued against Dr. A.S. On November 7, 2012, a third accusation and second petition to revoke probation was filed against Dr. A.S. charging him with gross negligence, repeated negligent acts, incompetence, prescribing to addicts, prescribing without performing physical examination or medical indication or both, failure to maintain adequate and accurate medical records, excessive prescribing and violation of drug statutes, as well as writing prescriptions for Schedule II controlled substances in violation of the terms and conditions of his probation.
- 24. To obtain controlled substances from Respondents, Dr. A.S.'s patients traveled an average of 46 miles from their residences to Respondent Sierra Pharmacy and traveled an average of 56 miles from Dr. A.S.'s offices to Respondent Sierra Pharmacy.
- 25. Groups of patients were furnished controlled substances by Respondents at the same time.
- 26. Respondents dispensed and filled prescriptions for controlled substances which were written in an identical fashion for multiple patients. For example, many prescriptions were written by Dr. A.S., each for different patients, for hydrocodone/apap 10/325, alprazolam 2mg and promethazine with codeine 480ml. Almost ninety-five percent of the prescriptions written by Dr. A.S. and filled by Respondents were for controlled substances.
- 27. Not all of prescriptions written by Dr. A.S. and filled by Respondents identified diagnoses for his patients. For the prescriptions written for alprazolam where a diagnosis was documented, the diagnosis was identical, "anxiety." For the prescriptions written for promethazine with codeine where a diagnosis was documented, the diagnosis was identical, "bronchitis," without a concurrent prescription for an antibiotic or other respiratory medication. For the majority of the prescriptions written for hydrocodone/apap with a diagnosis documented, the diagnosis was identical, "back pain" with no referral to a pain specialist and concurrent

prescriptions written for other medications routinely prescribed for chronic pain such as amitriptyline and gabapentin.

- 28. Respondents did not verify or otherwise research whether the prescriptions described in paragraph 20 were written for a legitimate medical purpose before filling them, including verifying whether there were any disciplinary proceedings pending against Dr. A.S.'s license to practice medicine.
- 29. From January 2010 through November 2012, Respondents did not provide any information for each prescription dispensed for a Schedule II, Schedule III or Schedule IV controlled substance to the Department of Justice on a weekly basis for inclusion in the Controlled Substance Utilization Review and Evaluation System ("CURES").
- 30. On December 20, 2012, two pharmacy technicians were on duty and performing packaging, manipulative, repetitive, or other nondiscretionary tasks while there was only one pharmacist on duty at Respondent Sierra Pharmacy.
