

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Glenmark Pharmaceuticals Inc. USA is extending the August 2021 recall of Chlorzoxazone Tablets USP, 375 mg and 750 mg (the "Product"), to the **Consumer** Level. This recall is due to gaps in the quality system in the Quality Control microbiology laboratory, and is being extended as a precaution to promote patient safety.
