

*The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.*

The purpose of this is to inform you that Central Admixture Pharmacy Services (CAPS) Phoenix is issuing a product recall for its Total Parenteral Nutrition Starter Formulations, Cardioplegia Formulations, Drug Delivery Products, and Anesthesia Products distributed from the facility **between July 11, 2023 and July 28, 2023**. CAPS is proactively and voluntarily recalling the affected products as a conservative measure to ensure that CAPS has sufficient controls in compliance with federal requirements. The depth of this voluntary recall is to the user/hospital level.

As a conservative measure, materials are being proactively and voluntarily removed from the market. All lots have passed acceptance criteria for potency, sterility, pH, endotoxin, and sub-visible particulate matter prior to release to the market. Due to pending review of internal manufacturing processes and controls for compliance with federal requirements, CAPS cannot provide a high degree of assurance that quality, purity, identity, and efficacy will meet specifications throughout the product lifecycle. To date, there have been zero (0) reports of product quality, purity, identity, and/or potency issues or adverse events related to these issues. Assuming a worst-case scenario where an adverse impact on product quality, purity, identity and/or potency exists, potential serious patient health risks may include life-threatening bloodstream infections, additional medical intervention to achieve the desired clinical effects, embolic or ischemic events, or serious injury due to toxicity.

Product Line	NDC	Product Description	Lot#	Compound Date	Expiration Date
Cardioplegia	72196-0100-1	Induction 4:1 High K (60 mEq) 830 ml in 1 LEVA Bag	36-262513	7/11/2023	8/25/2023
Cardioplegia	72196-0100-1	Induction 4:1 High K (60 mEq) 830 ml in 1 LEVA Bag	36-262880	7/13/2023	8/27/2023
