Fresenius Kabi is voluntarily recalling the above item/lots due to precautionary action after a complaint investigation into empty and low fill vials revealed small cracks in the heel of these vials. The investigation revealed that this issue is limited to the product and batches indicated above. This recall is to the Healthcare Professional level. Affected product started shipping May 18, 2021.

The Board of Pharmacy strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.
