

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Major Pharmaceuticals is recalling Hydralazine HCl to the RETAIL level. This recall was initiated due to an out of specification result obtained during routine stability testing for impurities. Since Cardinal Health Private Label purchased the Hydralazine HCl lots to repackage, it is necessary for us to recall the repackaged Assist bags of 10s repackaged from the affected lots. This item was first shipped 12/15/2021. This recall affects the lots listed below remaining in distribution.
