

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

This is to inform you that Sagent Pharmaceuticals is recalling Busulfan Injection, lot numbers 656412 and 659646.

This recall is being issued out of an abundance of caution to the wholesaler and hospital level. This product was distributed by Sagent Pharmaceuticals. Sagent has initiated this recall due to the discovery of an out of specification for a known Related Substance detected during stability sample testing.

An elevated known impurity has the potential to decrease the effectiveness of the drug product in patients. To date, Sagent Pharmaceuticals has not received any reports of adverse events related to this recall.

The product lots were distributed nationwide from December 2024 through April 2026.

Product	Lot Numbers	NDC#	Expiration Date	Strength
Busulfan Injection	656412	25021-241-10	08/31/2026	60mg/10mL, (6 mg/mL)
	659646	25021-241-10	03/31/2027
