

*The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.*

Llorens Pharmaceutical International Division, Inc. is conducting a product recall initiative for Nephronex Lot B2025 as a precautionary quality measure related to the potential intermittent presence of particulate matter associated with the filling process.

Although the investigation did not identify widespread batch impact and no adverse events have been reported to Llorens Pharmaceutical, we are taking this action out of an abundance of caution and in support of our continued commitment to product quality and customer satisfaction.

Product: Nephronex

Code: 54859-516-08
