

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

American Health Packaging Inc. is recalling Doxycycline Hyclate 100mg tablets to the RETAIL level. This recall was initiated in support of the recall by the manufacturer (West-Ward Columbus Inc. a Hikma Company). West-Ward stated that this recall is being conducted due to potential out of specification result for the dissolution test. Since Cardinal Health Private Label purchased the Doxycycline Hyclate lots to repackage, it is necessary for us to recall the repackaged Assist bags of 10s repackaged from the affected lots. This item was first shipped 02/06/2019.
