

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

This is to inform you that LLOYD, Inc. is recalling 2 lots of ToxiBan® Suspension. While, to date, the lots have remained within specification limits, they are being recalled due to the potential risk associated with use of an ingredient also used in other lots of ToxiBan® Suspension not released to the market as they did not meet specification limits. The ingredient was found on a subsequent investigation to not meet the microbial specification.

This only affects the 2 lots listed in the table below; other lots of ToxiBan® Suspension are not included in this recall and may continue to be used as recommended.

PRODUCT NAME	PACKAGE SIZE	NDC	LOT	# Units Received	EXPIRATION DATE	ORIGINAL SHIPPING DATE
ToxiBan® Suspension	240mL	11789-105-50	KA12625	108	2027-NOV	23-Jul-25
ToxiBan® Suspension	240mL	11789-105-50	KA28225	0	2028-MAY	08-Dec-25
