

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Mylan Pharmaceuticals Inc. (a Viatris company) is conducting a recall at the retailer level of the above-listed lot of Prasugrel Tablets, USP 10 mg, packaged in a bottle of 30 tablets.

This lot is being recalled out of an abundance of caution due to out-of-specification test results for dissolution. This lot was distributed in the United States between Dec 16, 2024, and Jan 28, 2025.

To date no reports of adverse events associated with this lot have been received. The potential risk to patients arising from this issue is considered to be medium.
