

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Dr. Reddy's Laboratories, Inc. is issuing a market withdrawal involving Ropinirole Extended-Release Tablets USP 2mg.

This Market Withdrawal is being initiated due to an Out of Trend (OOT) result observed during the 18-month stability review of Related Substance data. Although total impurities (1.0%) and Ropinirole N-oxide (0.20%) remained within specification limits, the Out of Trend (OOT) does not pose any patient safety risk.

Risk Assessment: The despropyl impurity poses no health risk at observed levels at specification. Although there's an increase in trend, there is no impact on patient safety as the product is within specification.

The product Distribution Dates: December 15, 2023 - February 27, 2024.

Product Name	Lot Number	Expiration date	NDC Number
Ropinirole Extended-Release Tablets USP 2mg, 90 Count	C2315044	09/2025	55111-659-90
