

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Hikma Pharmaceuticals USA Inc. is initiating a market withdrawal of thirteen (13) lots of Lorazepam Injection, USP and Ativan (Lorazepam Inj. USP) 2mg/mL and 4mg/mL, 1ml fill vials at the retail level. This market withdrawal is being conducted with the knowledge of the Food and Drug Administration.

This market withdrawal is being conducted as a precautionary measure. This is being executed out of abundance of caution as the product may exceed the total related compound specification prior to end of shelf-life. We have received no Adverse Events complaints for the subject lots to date.

NDC	Item Description	Lot	Exp. Date	First Ship Date	Last Ship Date
