

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Strides Pharma Inc. is extending a recall of Potassium Chloride ER Tablets USP, 8mEq (600mg) 100 count bottles, to the Retail Level for the lot number listed in the table below. This lot was manufactured by Strides Pharma Science Limited, Bangalore, India.

<b>Product Name</b>	<b>NDC#</b>	<b>Lot#</b>	<b>Exp. Date</b>
Potassium Chloride Tablets 8mEq 100's bottle	64380-860-06	7240675A	12/31/2021

This letter represents a revision from the Recall Notification letter which was originally sent on August 24, 2020. The initial notification described this recall to the Wholesale Level. This has been reassessed as a recall to the Retail Level.

This recall has been initiated to the Retail Level due to an Out of Specification dissolution test result. To date, Strides is not aware of any adverse patient events resulting from the use of the subject product/lot. Strides began shipping the subject product lot between March 3, 2020, and May 20, 2020, to wholesalers and distributors in the United States.
