

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

The Harvard Drug Group is issuing a recall for Gabapentin Capsules, USP, 100 mg. This recall has been initiated due to an out of specification result obtained during routine stability testing for Impurities.

Shipping this product began on February 26, 2024. This recall should be carried out to the retail level.
