

The Board of Pharmacy has received notice of the following product recall. The Board strongly encourages pharmacies to immediately review their quality assurance and recall policies and procedures to determine if any corrective action is required.

Imprimis RX would like to issue a recall for Mydriatic-3 (Tropicamide, Cyclopentolate, Phenylephrine 1%, 1%, 2.5%) Sterile Ophthalmic Solution. This was produced at our 503B facility, Imprimis NJOF, situated at 1705 US-46, Suite 6B, Ledgewood, NJ 07852. This recall is for a total of 2 unexpired lots due to an Out-of-Trend (OOT) result for Cyclopentolate (90.2%) at day-90 stability testing. Although still within specification, the trend indicates abnormal degradation. Out of an abundance of caution, the two representative lots are being recalled:

Product	Lot Number
Mydriatic-3	25JUN042
	25SEP005
