16 the Pharmacy Department; coordinates the selection, promotion, orientation, and performance
17 appraisal of employees. Coordinates the department's inservice training and ensures the
18 maintenance of the staff's skill/education levels." Possession of a current California State license
19 was a qualification for the Chief of Pharmacy Services for Respondent San Gorgonio Memorial
20 Hospital Pharmacy. On or about July 18, 2011, Respondent Prince Nnah executed the document
21 describing the Job Summary, Principal Tasks, Duties and Responsibilities and Qualifications for
22 the Chief of Pharmacy Services and certified that he had "received, read and under[stood] both
23 my job description and standards of performance."

24 33. From on or about July 18, 2011 through August 23, 2013, Respondent Prince Nnah,
25 as a pharmacist attended, made presentations, developed the policies, procedures or protocols
26 referred to in Business and Professions Code sections 4052, 4052.1 and 4052.2 for San Gorgonio
27 Memorial Hospital, provided professional information, including clinical or pharmacological
28 information, advice or consultation and otherwise participated in San Gorgonio Memorial

1 Hospital's Pharmacy and Therapeutics Committee meetings in accordance with California Code
2 of Regulations, title 22, section 70263 and Medication Error Reduction Plan Committee meetings
3 in accordance with Health & Safety Code section 1339.63. Respondent Prince Nnah also
4 evaluated pharmacists and pharmacy technicians for competency in performing their licensed
5 functions, trained pharmacists and pharmacy technicians, oversaw the drug inventory and ensured
6 its compliance with federal and state regulations, had overall responsibility for the pharmaceutical
7 service of San Gorgonio Memorial Hospital pursuant to California Code of Regulations, title 22,
8 section 70265 and dispensed, furnished and sold medications to patients. Respondent Prince
9 Nnah was not licensed as a pharmacist in California until August 23, 2012.

10 34. On or about July 30, 2012 and after the Board received an anonymous complaint
11 alleging that an unlicensed person was in charge of the San Gorgonio Memorial Hospital
12 Pharmacy with unauthorized access to controlled substances, two Board inspectors conducted an
13 inspection of Respondent San Gorgonio Memorial Hospital Pharmacy.

14 35. During the inspection, the Board inspector requested Respondent San Gorgonio
15 Memorial Hospital Pharmacy's Compounding Self-Assessment Form. The Compounding Self-
16 Assessment form had not been completed even though the pharmacy compounded drugs.

17 36. The Board inspector reviewed the compounding log and discovered that the records
18 for the "LET" topical solution compounded on June 14, 2012 were incomplete. Specifically, the
19 records did not identify the ingredients used in compounding, the lot numbers and the expiration
20 dates for each ingredient and the name of the dispensing pharmacist.

21 37. The Board inspector observed that the designated area for compounding and storing
22 sterile injectable drugs was located in a high traffic area, which did not maintain the integrity of
23 an aseptic environment for the compounded drugs. On February 27, 2008, the Board inspector
24 had noted this same deficiency and brought it to the attention of Respondent San Gorgonio
25 Memorial Hospital Pharmacy. He was advised by the hospital pharmacy that it would be
26 corrected. However, the designated compounding area was in the same location as it had been in
27 2008.

28

1 38. The Biennial inventory for controlled substances as required by the Drug
2 Enforcement Administration was requested by the Board inspectors. However, Respondent San
3 Gorgonio Memorial Hospital Pharmacy was not able to produce it during the inspection. The
4 Board inspector also observed that the invoices for Schedule III-V controlled substances were co-
5 mingled and not maintained separately.

6 39. During the inspection, the Board inspector observed that Respondent Prince Nnah,
7 who was an unlicensed person at that time, had access to Accudose,¹ had his own user ID code
8 and possessed the key to the night locker closet containing drugs and the keys, including the
9 alarm key to Respondent San Gorgonio Memorial Hospital Pharmacy.

10 40. On January 16, 2013, a Board Inspector requested audits of selected controlled
11 substances from San Gorgonio Memorial Hospital Pharmacy. On that same day, the Board
12 inspector received three Drug Enforcement Administration audits of controlled substances dated
13 April 1, 2010, April 26, 2012 and July 30, 2012. On January 29, 2013, Respondent Prince Nnah
14 submitted to the Board inspector the completed Selected Drug Audit Summary form for April 26,
15 2011 to July 30, 2012, the completed Selected Drug Audit Summary form for July 30, 2012 to
16 January 17, 2013 and the “Stock on Hand” taken on January 17, 2013.

17 41. A review of these audits revealed discrepancies. Namely, the audit from April 26,
18 2011 to July 30, 2012 showed that there were overages in the amount of 103 tablets for the
19 hydrocodone/apap (Norco) 10/325 inventory, shortages in the amount of 15 capsules for the
20 Marinol 2.5, dronabinol inventory and shortages in the amount of 8 tablets for the Tylenol #3,
21 acetaminophen w/codeine 300 mg/30 mg inventory. The audit from July 30, 2012 to January 17,
22 2013 showed that there were overages in the amount of 19 tablets for the hydrocodone/apap
23 (Norco) 10/325 inventory, overages in the amount of 16 capsules for the Marinol 2.5, dronabinol
