| 18 | REGULATORY PROVISIONS  |  |  |  |  |  |
| 19 | 13. Title 16, California Code of Regulations, Section 1707.1 provides:   |  |  |  |  |  |
| 20 | (a) A pharmacy shall maintain medication profiles on all patients who have   |  |  |  |  |  |
| 21 | prescriptions filled in that pharmacy except when the pharmacist has reasonable belief that the patient will not continue to obtain prescription medications from that   |  |  |  |  |  |

| 23 | (1) A patient medication record shall be maintained in an automated data processing or manual record mode such that the following information is readily retrievable during the pharmacy's normal operating hours.   |  |  |  |  |  |
| 24 |  |  |  |  |  |  |
| 25 | (A) The patient's full name and address, telephone number, date of birth (or age) and gender;  |  |  |  |  |  |
| 26 | (B) For each prescription dispensed by the pharmacy:   |  |  |  |  |  |
| 27 | 1. The name, strength, dosage form, route of administration, if other than   |  |  |  |  |  |
| 28 | oral, quantity and directions for use of any drug dispensed;   |  |  |  |  |  |

Health Services employees and their families may fill prescriptions at a discounted rate, but the prescription must be written by or cosigned by a North County Health Services clinician.

- 18. A complaint was filed by a Pharmacist colleague at the Pharmacy, which led to an investigation against Respondent regarding his prescribing practices with respect to filling his own or his family's prescriptions.
- 19. Respondent admitted to filling some prescriptions in his name and then changing the name of the prescription to a fictitious name. When the investigation into this practice started, Respondent changed the fictitious names for his prescriptions into another fictitious name.
- 20. Respondent admitted to processing prescriptions through the pharmacy computer system and printing medication bottle labels for himself and his wife, then voiding the reprinted labels in the computer records to maintain the current inventory. Some of these labels were for medications for Respondent's wife prescribed by a doctor on a date that that doctor was no longer working at North County Health Services.
- 21. Respondent admitted to ordering Norco in a dosage not normally carried by the pharmacy (non-formulary), checking the drug into the pharmacy inventory, then maintaining the bottle in a secret drawer to which only he had the key. Respondent claimed that his doctor was going to prescribe Norco to him, so he went ahead and filled the prescription, but that his doctor ultimately did not write the prescription. Respondent alleged that he intended to return the medication to a reverse distributor. Respondent reported that at the time of his termination there was a full, large, unopened bottle of Norco in his "secret drawer." However, only two empty bottles of Norco were found in Respondent's drawer.
- 22. Several prescriptions were filled at the pharmacy for Respondent, his wife, and his daughter with no corresponding documentation from a physician to support those prescriptions.
- 23. Despite the fact that he filled prescriptions at the pharmacy, there was no profile in Respondent's name at the pharmacy. Respondent changed his name in the North County Health Services computer software to two pseudonyms, Dee Wyse and Mike Schrek. Respondent admitted to changing the name in the computer system to Mike Schrek so he could fill

prescriptions at work for a discount while maintaining his privacy. The pharmacy profile for Dee Wyse had the same address, social security number, and date of birth as Respondent.

- 24. Prescriptions for Respondent were altered to the name Dee Wyse. Those prescriptions also erroneously listed the prescribing doctor's place of employment as North County Health Services.
- 25. A few prescriptions for Respondent and his wife were allegedly prescribed by the Chief Medical Officer of North County Health Services, with his signature. However, the Chief Medical Officer denied prescribing any medication to Respondent, Respondent's wife, or any of Respondent's pseudonyms and the signatures did not belong to him. Some of these prescriptions were generated by other medical facilities, not North County Health Services.
- 26. Several of the prescriptions forged with the name of the Chief Medical Officer were associated with the prescription file for Dee Wyse, one of Respondent's pseudonyms.
- 27. Several of the prescriptions filled for Dee Wyse had no hard copy prescriptions associated with them or had been voided.
- 28. Several of the filled prescriptions had the wrong prescription number for the type of drug distributed. Respondent would assign non-controlled prescription numbers to prescriptions that were controlled substances.
- 29. A colleague questioned a refill for Respondent's wife, that was dated for one year from the fill date, the type of medication did not match the pharmacy records, and there was no authorization for the medication.
- 30. Respondent verified/ initialed two prescriptions filled for this wife on a nonprescription form with a doctor's signature who denied writing the prescriptions or any prescriptions for Respondent's wife.
- 31. Respondent verified another prescription for his wife on a prescription that was written on a North County Health Services prescription pad (they were available at the pharmacy) and fraudulently signed by a North County Health Services Pharmacy clinician. Respondent's wife never saw that doctor and was not a North County Health Services patient. The doctor did not sign the prescription.

## FIRST CAUSE FOR DISCIPLINE

# (Unprofessional Conduct - Failure to Maintain Medication Profiles)

32. Respondent is subject to disciplinary action under section 4301, subdivision (o) for violation of California Code of Regulations, title 16, section 1707.1 in that, although he filled prescriptions for himself at work, Respondent failed to maintain a Medication Profile on himself, as set forth in paragraphs 15 to 30, which are incorporated herein by reference.

# SECOND CAUSE FOR DISCIPLINE

## (Unprofessional Conduct - Making False and Fraudulent Prescription Records)

33. Respondent is subject to disciplinary action for unprofessional Conduct under section 4301, subdivision (g), for knowingly making a document that falsely represents the existence or nonexistence of a set of facts, in that Respondent altered his patient medication record by changing his name to the alias "Mike Schrek" and filled prescriptions for himself under that pseudonym as well as the pseudonym "Dee Wyse," as set forth in paragraphs 15 to 30, which are incorporated herein by reference.

### THIRD CAUSE FOR DISCIPLINE

# (Unprofessional Conduct - Furnished a Dangerous Drug Without a Lawful Prescription)

34. Respondent is subject to disciplinary action under section 4301, subdivision (j) of the Code for unprofessional conduct in that Respondent knowingly violated Business and Professions Code section 4059, subdivision (a), when he dispensed a dangerous drug to his wife without a valid prescription, based upon a fraudulent signature on a document that was not a prescription pad, and without the verbal or written authorization of a lawfully prescriber, as described in paragraphs 15 to 30, which are incorporated herein by reference.
