14  
15 JURISDICTION

16 5. This Accusation and Petition to Revoke Probation is brought before the Board of  
17 Pharmacy (Board), Department of Consumer Affairs, under the authority of the following laws.  
18 All section references are to the Business and Professions Code (Code) unless indicated.

19 6. Section 4011 of the Code provides that the Board shall administer and enforce both  
20 the Pharmacy Law [Bus. & Prof. Code, § 4000 et seq.] and the Uniform Controlled Substances

25 suspension of a Board-issued license, the placement of a license on a retired status, or the  
26 voluntary surrender of a license by a licensee, shall not deprive the Board of jurisdiction to  
27 commence or proceed with any investigation of, or action or disciplinary proceeding against, the  
28 licensee or to render a decision suspending or revoking the license.

STATUTORY AND REGULATORY PROVISIONS

1  
2       9.     Section 4301 of the Code provides, in pertinent part, that the Board shall take action  
3 against any holder of a license who is guilty of “unprofessional conduct,” defined to include, but

18       12.    Section 4332 of the Code makes it a misdemeanor for any person to fail, neglect, or  
19 refuse to maintain the records required by Section 4081, to fail to timely produce same when  
20 called upon by an authorized officer or a member of the board, or to produce false records.

21       13.    California Code of Regulations, title 16, section 1714, subdivision (b) provides that

7 such loss or theft, and also complete and submit a DEA Form 106 regarding the loss or theft.

8 17. Section 125.3 of the Code provides, in pertinent part, that the Board may request the  
9 administrative law judge to direct a licentiate found to have committed a violation of the licensing

27 also known generically as **Hydrocodone with APAP**. These are all narcotic drugs.

28 ///

1 FACTUAL BACKGROUND

2 21. According to a Board investigative audit of acquisition and disposition records,  
3 between in or about July 2011 and in or about September 2013, Respondent Nichols Hill  
4 experienced significant shortages of dangerous drugs, including shortages over this period of  
5 7,092 tablets of **Hydrocodone with APAP 7.5/750** (generic **Vicodin ES**) and 42,513 tablets of  
6 **Hydrocodone with APAP 10/325** (generic **Norco**), both narcotic controlled substances.

7 22. Respondents became aware of discrepancies and shortages in the controlled substance  
8 inventory between in or about September 2012 and in or about January 2013, initially as the result  
9 of an audit of pharmacy Medi-Cal billings performed by the California Department of Health Care  
10 Services (DHCS) which identified shortages from January 9, 2012 through September 30, 2012 of  
11 7,310 tablets of **Hydrocodone with APAP 7.5/750** (generic **Vicodin ES**) and 25,459 tablets of  
12 **Hydrocodone with APAP 10/325** (generic **Norco**). These discrepancies/shortages were reported  
13 to Respondents by DHCS no later than in or about December 2012 or January 2013, at which time  
14 Respondent Yuh conducted his own review of records and confirmed the shortages/losses.

15 23. In or about February 2013, Respondents terminated an employee suspected of theft as  
16 a means of addressing what was believed to be the cause of the shortages/losses.

17 24. Respondents did not timely report the losses to either the Board or the DEA.  
18

19 **CAUSES FOR DISCIPLINE, AS TO BOTH RESPONDENTS**

20 FIRST CAUSE FOR DISCIPLINE

21 (Failure to Maintain Accurate and Secure Drug Inventory)

22 25. Respondents are each and severally subject to discipline under section 4301(j) and/or  
23 (o) and/or section 4113(c) of the Code, in combination with section(s) 4081 and/or 4332 of the  
24 Code, and/or California Code of Regulations, title 16, section 1718, in that, as described in  
25 paragraphs 21-24 above, Respondents violated statutes regulating controlled substances or  
26 dangerous drugs, and/or directly or indirectly violated, attempted to violate, and/or assisted in or  
27 abetted violation of, laws or regulations governing the practice of pharmacy, by failing to keep or  
28 maintain an accurate and secure inventory of all dangerous drugs.

1                   **CAUSE FOR REVOCATION OF PROBATION, AS TO BOTH RESPONDENTS**

2                                   CAUSE TO REVOKE PROBATION

3   (Failure to Obey All Laws)

4                   29.   At all times after the effective date (January 7, 2011) of the Decision and Order  
5 imposing probation on Respondents' Licenses, Term and Condition 3 of that Order required that  
6 Respondents, inter alia, obey all state and federal laws and regulations. As detailed above in  
7 paragraphs 21-27, Respondents failed to do so. Respondents' failure to obey all laws subject  
8 Respondents' Licenses, each and severally, to revocation.

9  
10   OTHER MATTERS – EXTENSION OF PROBATION

11                   30.   At all times after the effective date (January 7, 2011) of the Decision and Order  
12 imposing probation on Respondents' Licenses, Term and Condition 11 of that Order required:

13   **11.   Violation of Probation.**

14                                   If either Respondent has not complied with any term or condition of probation, the  
15 Board shall have continuing jurisdiction over that Respondent, and probation shall  
16 automatically be extended, until all terms and conditions have been satisfied or the Board  
has taken other action as deemed appropriate to treat the failure to comply as a violation of  
probation, to terminate probation, and to impose the penalty that was stayed.

17                                   If either Respondent violates probation in any respect, the Board, after giving  
18 Respondent notice and an opportunity to be heard, may revoke probation as to that  
19 Respondent and carry out the disciplinary order that was stayed. If a petition to revoke  
probation or an accusation is filed during probation, the Board shall have continuing  
20 jurisdiction and the period of probation shall be automatically extended until the petition to  
revoke probation or accusation is heard and decided.

21                   31.   Pursuant to the operation of Term and Condition 11 of the probation order applicable  
22 to Respondents' Licenses, probation is automatically extended by the filing hereof, and/or by  
23 Respondents' failure to comply with the terms and conditions of probation, until such time as this  
24 Accusation and Petition to Revoke Probation is heard and decided, or until the Board has taken  
25 other action as deemed appropriate to treat the failure to comply as a violation of probation.

19 Each Respondent shall report any of the following occurrences to the board, in writing,

20           7.    **Reimbursement of Board Costs**

21           Reimbursement of costs per Business and Professions Code section 125.3 is waived.

22           8.    **Probation Monitoring Costs**

23           Each Respondent shall pay any costs associated with probation monitoring as determined  
24 by the Board each and every year of probation. Such costs shall be payable to the Board on a  
25 schedule as directed by the Board or its designee. Failure to pay such costs by the deadline(s) as  
26 directed shall be considered a violation of probation.

27 \_\_\_\_\_  
28           <sup>1</sup> Appearances by Respondent Nicholls Hill shall be made by an owner or officer.

1           **9. Status of License**

2           Each Respondent shall, at all times while on probation, maintain an active, current license  
3 with the board, including any period during which suspension or probation is tolled. Failure to  
4 maintain an active, current license shall be considered a violation of probation.

5           If either Respondent's license expires or is cancelled by operation of law or otherwise at  
6 any time during the period of probation, including any extensions thereof due to tolling or  
7 otherwise, upon renewal or reapplication that Respondent's license shall be subject to all terms  
8 and conditions of this probation not previously satisfied.

9           **10. License Surrender While on Probation/Suspension**

10          Following the effective date of this decision, should either Respondent cease practice due to  
11 retirement or health, or be otherwise unable to satisfy the terms and conditions of probation, that  
12 Respondent may tender its or his license to the Board for surrender. The Board or its designee  
13 shall have the discretion whether to grant the request for surrender or take any other appropriate  
14 and reasonable action. Upon formal acceptance of the surrender of the license, Respondent will  
15 no longer be subject to the terms and conditions of probation. This surrender constitutes a record  
16 of discipline and shall become a part of the Respondent's license history with the board.

17          Upon acceptance of the surrender, Respondent shall relinquish its or his pocket and wall  
18 license(s) to the Board within ten (10) days of notification by the Board the surrender is accepted.  
19 Respondent may not reapply for any license from the Board for three (3) years from the effective  
20 date of the surrender. Respondent shall meet all requirements applicable to the license sought as  
21 of the date application for that license is submitted to the Board, including any outstanding costs.

22          **11. Violation of Probation**

23          If either Respondent has not complied with any term or condition of probation, the Board  
24 shall have continuing jurisdiction over that Respondent, and probation shall automatically be  
25 extended, until all terms and conditions have been satisfied or the Board has taken other action as  
26 deemed appropriate to treat the failure to comply as a violation of probation, to terminate  
27 probation, and to impose the penalty that was stayed.

28          ///

1 If either Respondent violates probation in any respect, the Board, after giving Respondent  
2 notice and an opportunity to be heard, may revoke probation as to that Respondent and carry out  
3 the disciplinary order that was stayed. If a petition to revoke probation or an accusation is filed  
4 during probation, the Board shall have continuing jurisdiction and the period of probation shall be  
5 automatically extended until the petition to revoke probation or accusation is heard and decided.

6 **12. Completion of Probation**

Re: Pharmacy License Nos. RPH 36896 and PHY 46970

To My Colleagues Licensed by the  
California Board of Pharmacy:

I am ashamed to have to write this letter and admit my stupidity, actually my extreme short sightedness caused by greed induced by promises of quick easy money. And so little money. My shame is increased not only by the relatively small amount of money I was promised and paid but also because I have been a pharmacist licensed in and by this state for almost thirty (30) years and throughout those many years I had an unblemished professional record and prided myself in the belief that I had never violated any laws or regulations related to my profession or the distribution of controlled substances.

Then in late 2006 I was contacted over the telephone by a representative of a company proposing that I fill prescriptions that would be sent to my pharmacy over the internet and very unfortunately I agreed to do so. I was promised, over the telephone, by a faceless, smooth talker: a net profit of \$5.00 for each prescription I filled (they also promised to pay all shipping charges). When I was first contacted by that persistent, persuasive and reassuring representative of "an internet prescription company," he helped lead me to the conclusion that this would be an easy way to make a little extra money with a minimum of effort. That promise of easy, extra money partially blinded me to aspects of the arrangement that were illegal as well as professional misconduct.

I knew immediately that I would have to confirm that each of the prescribing parties was a physician licensed in the state in which the prescription was written and, if I could not confirm the doctor was licensed and had a valid DEA number, I could not and would not fill a prescription from that doctor. I soon realized that the prescriptions were from doctors all over the country; but in each case I was able to verify that the prescribing doctor was licensed with valid state and DEA numbers. Under those circumstances, based upon the fact that all of the prescribers were physicians, I thought at the time that it was

alright to fill the prescriptions and all that was required of me was spending the time to fill the prescription and ship it. I also realized the drugs I was shipping were primarily controlled substances but I was receiving all of the appropriate prescription forms in order to comply with the law. I was also quickly and reliably paid \$5.00 plus costs for each prescription dispensed.

Obviously, I did not give the proposal enough thought before I agreed and once I started receiving and filling prescriptions, I should have paid more attention to and thought more about all the information on the prescriptions. I was repeatedly receiving prescriptions from the same half dozen or do doctors who were prescribing mostly very strong (and controlled) painkillers to patients in areas, even states far away from the doctors's office and address. In hindsight, I should have noticed that geographical distance, questioned whether those doctors were really even seeing or communicating with these "patients" much less properly examining them before dispensing any drugs much less those types of drugs. I never directly confirmed that there were good faith prior examinations of the patients by the prescribing doctors before I dispensed the drugs.

Honestly, I did not notice the disparity or think of the possibility that there was not a professional examination and relationship between the prescribing doctor and recipient; but, again in hindsight, the nature of most of the drugs (painkillers) should also have alerted me to the potential impropriety. I was so busy, especially with all these additional prescriptions to fill (another warning signal I missed then but now see in hindsight) that I just kept working as fast as I could, never imagining that I was breaking not one but many very serious federal and state laws. Now I know, I could have been charged with criminal felonies in both state and federal courts!

Thankfully a representative of one of the companies I buy my drugs from who had known me a long time and correctly did not believe I would knowingly distribute any prescription much less controlled substances illegally or improperly, warned me about dealing with such internet companies. I filled prescriptions over the internet for about four months. As soon as I was warned that what we had been doing might be illegal, I immediately stopped that practice, but by then we had already filled over 5,000 prescriptions all around the country, almost 500 in California and 90 percent of those prescriptions were for painkillers. As soon as I agreed to fill internet prescriptions for one of those companies, more contacted me with the same

proposal and in those four months we dispensed prescriptions for five (5) of those internet companies. (Another warning I now see too late).

I was eventually contacted by both the federal Drug Enforcement Administration (DEA) and the State Board of Pharmacy. Both instituted investigations and those investigations have resulted in me incurring significant fines both to the State Board and to the DEA and my license and that of my store being placed on probation with a number of conditions attached to the probation. Those penalties are many times the money I made filling those internet prescriptions. My family has been hurt by my conduct both financially and emotionally and I would do anything to be able to go back and undo the decisions I made without adequate thought and consideration.

Believe it or not, my fines could have been much, much higher. Both the State of California and the Federal Government could have fined both me and my pharmacy \$25,000 for every prescription dispensed by us in this fashion. In fact, the Board of Pharmacy sent both me and my pharmacy (since we have different licenses) formal written penalty demands for \$11,700,000 each! Imagine my fear and that of my wife and others when we saw those documents!

The practice of filling prescriptions over the internet for patients previously unknown to my practice is dangerous to the patients and to the profession. I have come to learn that in many cases the patients contacted physicians only through a website and that they never had any personal contact with the physician. A few form questions were answered on the website by the patient which resulted in the generation of the prescription by the physician which was relayed to me over the internet and filled by me and mailed to the patients in various states. I also never had any personal contact with the patient or the physician. Obviously the physicians should not be issuing prescriptions to persons unknown to them and I should not have been filling those prescriptions.

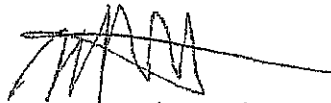

In hindsight I now can see the purpose of the law. Many potential drug abusers who are unable to obtain controlled substances through a legitimate physician relationship turn to the internet to continue the abusive practices. Filling of prescriptions in these circumstances makes the pharmacist at least an enabler if not more culpable than that. By filling internet prescriptions we are exposing people to unknown risks from drugs about which they have never realistically consulted a physician. Drug interactions are possible resulting in untold

potential complications, including death. Further, my attorneys advise me that if injury occurs to a person to whom I supplied drugs over the internet that I could well be liable for their damages, and that is a liability I am not certain my insurance would cover.

We are in the electronic age and more and more matters are being handled by e-mail and by internet communications. These forms of communication are fraught with danger for abuse and as pharmacists we all will have to be on guard to prevent misuse. The old adage to be careful if it seems too good to be true, is correct. Somebody, not me, was making a significant amount of money with this process and I was only an incidental part of it; however, without a pharmacist, the scheme cannot work. We must all be careful to screen prescriptions and the prescribers and err on the side of caution, not greed. The public relies more and more on us and we must step up and protect them as much as we can.

Sincerely,
