STATUTORY AND REGULATORY PROVISIONS

- 5. Section 480 of the Code states:

- "(1) Been convicted of a crime. A conviction within the meaning of this section means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that a board is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code.

"(h) The administering to oneself, of any controlled substance, or the use of any dangerous drug or of alcoholic beverages to the extent or in a manner as to be dangerous or injurious to oneself, to a person holding a license under this chapter, or to any other person or to the public, or to the extent that the use impairs the ability of the person to conduct with safety to the public the practice authorized by the license.

. . .

"(1) The conviction of a crime substantially related to the qualifications, functions, and duties of a licensee under this chapter."

7. California Code of Regulations, title 16, section 1770, states:

"For the purpose of denial, suspension, or revocation of a personal or facility license pursuant to Division 1.5 (commencing with Section 475) of the Business and Professions Code, a crime or act shall be considered substantially related to the qualifications, functions or duties of a licensee or registrant if to a substantial degree it evidences present or potential unfitness of a licensee or registrant to perform the functions authorized by his license or registration in a manner consistent with the public health, safety, or welfare."

FIRST CAUSE FOR DENIAL OF APPLICATION

(Unprofessional Conduct – Dangerous or Injurious Use of Alcohol) (Bus. & Prof. Code §§ 480, subd. (a)(3), 4301, subd. (h))

- 8. Respondent's application is subject to denial under Code section 480, subdivision (a)(3), by reference to Code section 4301, subdivision (h), in that Respondent engaged in unprofessional conduct by using alcohol in a dangerous and injurious manner. The circumstances are as follows:
- 9. On or about December 5, 2005, at approximately 7:00 p.m., an officer from the Watsonville Police Department (Officer 1) was dispatched to a reported hit-and-run accident.

 Officer 1 arrived at the scene and contacted the driver of the vehicle that had been hit ("Driver") and her passenger ("Passenger"). Officer 1 observed that Driver's vehicle had sustained

moderate damage, as the rear bumper was torn off and the rear muffler was hanging loosely from its bracing. Driver provided Officer 1 a physical description of the driver of the vehicle that had hit her, later identified as Respondent. Driver explained that she was stopped at a red signal lamp for about one minute when she felt the impact to the rear of her vehicle. She looked into her rearview mirror and saw that she had been rear-ended by another vehicle. The vehicle that hit her was filled with smoke, and Driver was afraid it would catch on fire. Driver and Passenger exited their vehicle and looked into Respondent's vehicle in an attempt to determine whether he was okay. As the smoke in Respondent's vehicle began to dissipate, Driver and Passenger walked up to the passenger-side window. They could see that the airbags had deployed, and they saw Respondent sitting inside. Respondent then turned the vehicle to the right and drove away. Passenger and Driver wrote down the license plate number of Respondent's vehicle before he fled the scene of the accident, and they provided this information to Officer 1.

- 10. A second officer from the Watsonville Police Department, Officer 2, responded to assist with the hit-and-run report. Officer 2 began searching the area for the vehicle identified by Driver and Passenger. Using the license plate number to determine the registered owner, Officer 2 went to the home address of the registered owner, later identified as Respondent. Nobody was home and the vehicle was not there. Officer 2 left and went to check for Respondent and his vehicle at the local hospital. Officer 2 then returned to Respondent's home address and parked several houses away to watch for Respondent's arrival.
- 11. At approximately 7:55 p.m., Officer 2 observed Respondent's vehicle drive past him and park in the driveway of his home address. Officer 2 parked behind Respondent's vehicle and illuminated his spot light. Officer 2 observed that there was one occupant in the vehicle, later identified as Respondent. Respondent exited the vehicle and said "hello" to Officer 2. Respondent staggered as he began walking towards Officer 2, placing a hand on his vehicle to maintain his balance. Officer 2 asked Respondent what was going on, and Respondent began to explain that he hit the car in front of him because it stopped suddenly. Respondent stated that the people in the vehicle got out and began yelling at him, so he left.

- 12. As Respondent explained what had happened during the accident, Officer 2 observed that Respondent's eyes were bloodshot and glassy, his speech was slurred, and his balance was impaired. Respondent's breath also smelled like alcohol. Respondent admitted that he had consumed one drink prior to driving, but stated that he had not consumed alcohol since the accident. Officer 2 administered several Field Coordination Tests (FCTs) to determine whether Respondent was too intoxicated to drive. Respondent failed to complete or pass the FCTs, and Officer 2 placed him under arrest for driving while intoxicated. Driver and Passenger were brought to Officer 2's location to view Respondent. Passenger positively identified Respondent as the driver of the vehicle that hit them.
- 13. Respondent was transported to the Watsonville Police Station. Respondent was administered the breath test twice, which showed that his blood alcohol level was .16 percent and .17 percent. Respondent waived his Miranda rights and gave Officer 1 his account of the accident. Respondent admitted that he fled the scene. Officer 1 determined that Respondent caused the collision by driving under the influence of alcohol or drugs.

SECOND CAUSE FOR DENIAL OF APPLICATION

(Conviction of Substantially Related Crime)

(Bus. & Prof. Code §§ 480, subd. (a)(1), 4301, subd. (l); Cal. Code Regs., tit. 16, § 1770)

- 14. Complainant realleges the allegations contained in paragraphs 8 through 13 above, and incorporates them by reference as if fully set forth.
- 15. Respondent's application is subject to denial under Code section 480, subdivision (a)(1), by reference to Code section 4301, subdivision (l), and as defined by California Code of Regulations, title 16, section 1770, in that he was convicted of a crime substantially related to the qualifications, functions, and duties of a licensee. The circumstances are that on or about January 26, 2006, in a criminal matter entitled *The People of the State of California v. Ronald Andrew Werner*, in Santa Cruz County Superior Court, Case No. W10369, Respondent was convicted by plea of nolo contendre of violating Vehicle Code section 23152, subdivision (b) (driving while having a .08 percent or higher blood alcohol content), a misdemeanor. Respondent was sentenced

to serve his jail sentence through a work release program, ordered to complete a 3 month First Offender Drinking Driver Program, and to pay various fees and fines.

THIRD CAUSE FOR DENIAL OF APPLICATION

(Unprofessional Conduct – Dangerous or Injurious Use of Alcohol) (Bus. & Prof. Code §§ 480, subd. (a)(3), 4301, subd. (h))

- 16. Respondent's application is subject to denial under Code section 480, subdivision (a)(3), by reference to Code section 4301, subdivision (h), in that Respondent engaged in unprofessional conduct by using alcohol in a dangerous and injurious manner. The circumstances are as follows:
- Patrol (CHP) officer was dispatched to a report of a vehicle blocking an intersection. The officer arrived on scene at 7:28 p.m. and observed a vehicle blocking the roadway. The officer parked his vehicle directly behind the vehicle and approached the driver's side. The officer observed a man, later identified as Respondent, sitting in the driver's seat with the engine running and the vehicle in park. The headlights were on, the driver's window was rolled half-way down, and Respondent was leaning to his right and slightly forward. The officer observed a small metal can between Respondent's thighs. After speaking with the woman who reported the vehicle, the officer returned to the vehicle and removed the keys from the ignition. The officer contacted Respondent through the driver's side window and attempted to wake him, but he was initially unresponsive. The officer requested medical personnel to come and evaluate Respondent. The officer continued shaking Respondent and telling him to wake-up until Respondent finally awoke and stated "Fuck you."
- 18. The officer asked Respondent what had happened, but Respondent's responses were incoherent because his speech was heavily slurred. The officer directed Respondent out of the vehicle. Respondent slowly exited the vehicle, but was unable to stand. The officer held Respondent up, walked him toward his patrol vehicle, and had Respondent sit in the rear of the vehicle. The officer obtained the can that was between Respondent's thighs and poured it onto

- 19. The CHP officer re-contacted Respondent and began a DUI investigation.

 Respondent was able to stand on his own at this point, but his gait was unsteady and he nearly fell over several times. Respondent smelled like alcohol and had red and watery eyes. His speech was coherent but still heavily slurred. Respondent stated that he had consumed a couple of club sodas prior to driving. The officer conducted a series of Field Sobriety Tests (FSTs), which Respondent was unable to complete satisfactorily. The officer determined that Respondent had been operating a motor vehicle while under the influence of an alcoholic beverage and he placed him under arrest for violating Vehicle Code section 23152, subdivision (a) (driving under the influence).
- 20. During the inventory of Respondent's vehicle, another CHP officer located several containers of alcohol, including three open cans. Two of the open cans were empty and the third had been poured out onto the roadway by the arresting officer. There were also three unopened cans of alcohol, one unopened Vodka bottle, and one half-empty Vodka bottle.
- 21. Respondent was transported to Dominican Hospital for a chemical test. Respondent consented to a blood test. The results of the blood test showed that Respondent had a blood alcohol content of 0.25%.
