27 use of the controlled substance prescribed.

28 (2) The prescription shall also contain the address of the person for whom

3 (3) Pursuant to an authorization of the prescriber, any agent of the
4 prescriber on behalf of the prescriber may orally or electronically transmit a
5 prescription for a controlled substance classified in Schedule III, IV, or V, if in
these cases the written record of the prescription required by this subdivision
specifies the name of the agent of the prescriber transmitting the prescription.

6 (c) The use of commonly used abbreviations shall not invalidate an
7 otherwise valid prescription.

8 (d) Notwithstanding any provision of subdivisions (a) and (b),
9 prescriptions for a controlled substance classified in Schedule V may be for more
than one person in the same family with the same medical need.

10 B. H&S Code section 11200 states:

13 (b) No prescription for a Schedule III or IV substance may be refilled more
14 than five times and in an amount, for all refills of that prescription taken together,
exceeding a 120-day supply .

15 8. This Accusation also refers to Code of Federal Regulations, title 21, section
16 310.515(a) that states:

17 (a) *Requirement for a patient package insert.* FDA concludes that the
18 safe and effective use of drug products containing estrogens requires that patients

here], each estrogen drug product restricted to prescription distribution, including
20 products containing estrogens in fixed combinations with other drugs, shall be
dispensed to patients with a patient package insert containing information
21 concerning the drug's benefits and risks. An estrogen drug product that does not
comply with the requirements of this section is misbranded under section 502(a)
22 of the Federal Food, Drug, and Cosmetic Act.

20 dispensed without authorization.

21 Fifth Cause for Discipline

22 (Unprofessional Conduct: Dispensing of Medications of Uncertain Strength)

23 20. Respondent Lenzner, RPH is subject to disciplinary action under section 4301(o)
24 in conjunction with CCR section 1761(a) because Lenzner dispensed a prescription of uncertain
25 strength in that he dispensed a prescription which contained a significant error, omission,
26 irregularity, uncertainty, or alteration. Specifically, on 9/7/04 at Life Wellness, a prescription of
27 T-3 was compounded using the compounding lot # 09072004@6 for the T-3 SR 7.5 mg capsules
28 for customer S.D. of San Diego, California on RX 105840. This compound record was missing

1 during the Board's investigation, yet the customer's Universal Claim Form for a Compounded
2 Medication prepared by Life Wellness on 9/7/04 showed the strength of the T-3 SR 7.5mcg
3 capsules contained a 500% error. Additionally, the T-3 1:10 triturate used to compound the T-3
4 SR 7.5mcg capsules showed an errant triturate formula and calculations on their logged formula
5 worksheets dated 6/30/04 and 1/12/05 and the expiration date placed on the prescription label for
6 RX 105840 exceeded the 180 day limit.

7 Sixth Cause for Discipline

8 **(Unprofessional Conduct: Incomplete & Erroneous Compounding Records for Future Use)**

9 21. PIC Respondent Lenzner is subject to disciplinary action under sections 4301(o)
10 and 4113(b) in conjunction with CCR section 1716.2(a)(2),(3),(4),(6), and (8) in that a pharmacy,
11 for the purpose of compounding for future dispensing, shall maintain records that include (2) the
12 manufacturers lot number and expiration dates, (3) the expiration date not to exceed 180 days or
13 the shortest expiration date of any component in the finished product, (4) signature or initials of
14 the compounding pharmacist, (6) manufacturer's name of the raw ingredients, (8) package sized
15 and the number of units prepared. Specifically, on 2/16/05 and on 3/11/05, during the complaint
16 investigation at Life Wellness, many of the logged formula worksheets lacked the manufacturer's
17 lot number and expiration dates; gave a one year expiration date to a finished compound instead
18 of 180 days or the shortest expiration date of the ingredients; the compounding pharmacist failed
19 to sign or initial the logged formula worksheet; the manufacturer's name of the active chemicals
20 was omitted or inconsistent with inventory; and the units prepared were inaccurate. Furthermore,
21 the pharmacy was compounding dangerous drugs from formulas containing errors that were
22 noted in the Biest (80-20)/Prog/Test 0.625/50/1 Cream and the stock formula called Tri-iodo-L-
23 Thyronine (T3) 1:10 Triturate 10mg:1mg powder dated 6/30/04 and 1/12/05.

24 Seventh Cause for Discipline

25 **(Unprofessional Conduct: Non-compliance With Maintaining Prescription Records)**

26 22. PIC Respondent Lenzner is subject to disciplinary action under sections 4301(o)
27 and 4113(b) in conjunction with CCR section 1717(b) because he failed to maintain complete
28 and readily retrievable prescription records. The date dispensed and the name or initials of the

1 dispensing pharmacist shall be on each prescription on file and readily retrievable. Specifically,
2 on 2/16/05, 3/11/05, and 3/15/05, during the complaint investigation at Life Wellness,
3 pharmacists did not initial the prescription documents or refill logs to identify the dispensing
4 pharmacist, and the initials in the patient's drug history do not represent the actual dispensing
5 pharmacist, (e.g., Amanda Camarigg's initials recorded on all new and refilled prescriptions in
6 the computer for 3/11/05 but another pharmacist was the only pharmacist working on 3/11/05.)

7 **Eighth Cause for Discipline**

8 **(Unprofessional Conduct: Non-compliance With Pharmacy Technician Supervision)**

9 23. PIC Respondent Lenzner is subject to disciplinary action under sections 4301(o),
10 4113(b), and 4115(f) and (g) because Lenzner was not compliant with the supervision of
11 pharmacy technicians in that the performance of duties of a pharmacy technician shall be under
12 the direct supervision and control of a pharmacist (§4115(f)) and a pharmacy with only one
13 pharmacist shall have no more than one pharmacy technician performing certain tasks
14 (§4115(g)). Specifically, on 3/11/05 and again on 3/15/05 at Life Wellness, Lenzner scheduled
15 only one pharmacist on duty to supervise two pharmacy technicians who were both compounding
16 and filling prescriptions.

17 **Ninth Cause for Discipline**

18 **(Unprofessional Conduct: Non-compliance with Patient Package Inserts
19 for Estrogen Drug Products)**

20 24. PIC Respondent Lenzner is subject to disciplinary action under sections 4301(o),
21 4113(b) and Title 21 Code of Federal Regulations section 310.515(a) because at Life Wellness he
22 failed to provide patient package inserts for compounded estrogen drug products required by
23 Code of Federal Regulations, title 21, section 310.515(a). Specifically, during the inspections at
24 Life Wellness, Lenzner stated on two separate occasions that he does not supply patient package
25 inserts to patients receiving estrogen products compounded at the pharmacy.

1 Tenth Cause for Discipline

2 (Unprofessional Conduct: Missing Disposition Records of Dangerous Drugs)

3 25. PIC Respondent Lenzner is subject to disciplinary action under sections 4301(o)
4 and 4113(b) in conjunction with section 4081(a) because Lenzner failed to maintain all
5 prescription records as to disposition of dangerous drugs, as required by section 4081(a), as more
6 particularly alleged below:

7 A. E.D.'s prescriptions - there were no disposition documents to substantiate the
8 dispensing on 5/25/04 and 10/29/04 as noted in the patient profile for this customer for RX
9 103490.

10 B. R.D.L.'s original prescription for 30gm-Testosterone 0.4% Cream was dispensed
11 on 6/18/03 on RX C101017 and then was updated on 1/5/04 to RX C102476, but there was no
12 new written prescription document in this customer's chart. Then RX C102476 was updated on
13 7/20/04 to RX C104799 but there is no new written prescription document in the chart.
14 Furthermore, the original prescription for 30m-Triest (70-20-10)/Progesterone 2.5mg/100mg
15 Cream was dispensed on 6/18/03 and then was updated on 6/21/04 to RX104240, but there is no
16 new re-written prescription in this customer's chart.

17 C. C.D.M.'s original prescription document was not signed by his physician yet
18 30gm-Testosterone 10% (100mg/gm) Cream was dispensed on RX 100196 on 2/3/03, 3/11/03,
19 4/7/03 and 5/1/03 until RX 100196 was updated to RX 100899. There was no new re-written or
20 original prescription documents to substantiate the dispensing of RX100899 for the Testosterone
21 10% (100mg/gm) Cream filled on 6/5/2003, 7/3/03, 8/5/03, 9/30/03, 11/13/03, 1/23/04, 3/25/04,
22 and 6/2/04 until RX 100899 was updated to 105032, and there is no new re-written or original
23 prescription documents to substantiate the dispensing of RX105032 for the Testosterone 10%
24 (100mg/gm) Cream filled on 8/2/04, 9/30/04, 11/29/04, and 2/5/05.

25 Eleventh Cause for Discipline

26 (Unprofessional Conduct: Practice in Violation of H&S Code section 11200)

27 26. PIC Respondent Lenzner is subject to disciplinary action under sections 4301(j)
28 and 4113(b) in conjunction with H&S Code section 11200(a) and (b) because Lenzner is

1 responsible for the pharmacy staff dispensing controlled substance prescriptions beyond six
2 months and exceeding five refills, as specified in Health and Safety Code Section 11200(a) &
3 (b). Specifically, the dispensing records for customer C.D.M.'s 30 gm-Testosterone 10%
4 (100mg/gm) Cream were without prescription documents or authorization records but showed
5 RX 100899 was dispensed on 6/5/03, 7/3/03, 8/5/03, 9/30/03, 11/13/03, 1/23/04, 3/25/04, and
6 6/2/04, which exceeds the five refill maximum and is beyond six months.

7 **Twelfth Cause for Discipline**

8 **(Unprofessional Conduct: Dispensing Error)**

9 27. Respondent Lenzner, RPH is subject to disciplinary action under section 4301(o)
10 in conjunction with CCR sections 1716 and 1761 in that no pharmacist shall dispense any
11 prescription which contains any significant error, omission, irregularity, uncertainty, or
12 alterations. Specifically, on 2/13/03 at Life Wellness Pharmacy, an unsigned medication order
13 for S.D. from a naturopathic doctor requested Life Wellness to compound T-4/T-3 in the ratio
14 and strengths of T-4 as 9.5mcg and T-3 as 2.5mcg but the pharmacy dispensed on 2/13/04 on RX
15 100233 the compounded formulation as T-3 as 2.5mcg and T-4 as 25mcg. When a physician did
16 sign the medication order the following day on 2/14/03, that physician did not change the original
17 medication order request.

18 **RESPONDENT AMANDA L. CANALES**

19 **Thirteenth Cause for Discipline**

20 **(Unprofessional Conduct: Prescribing & Furnishing Prescriptions for Dangerous Drugs
21 Without an Authorized Prescription & Without Written Policies, Procedures, or Protocols)**

22 28. Respondent Amanda Canales (formerly Camarigg), RPH is subject to disciplinary
23 action under sections 4301(o) in conjunction with section 4052(a)(5)(A)(iv), because she
24 initiated prescriptions that were furnished at Life Wellness Pharmacy for drug regimens for
25 patients without policies, procedures, or protocols and without a prescription from a licensed
26 prescriber, as more particularly alleged below:

27 A. For M.D. of San Diego, California - On 12/15/04, a prescription was prescribed
28 and written by Amanda Camarigg and dispensed at Life Wellness Pharmacy for this customer for

1 Progesterone 3% Cream on prescription number RX 106997 that was not signed by an authorized
2 prescriber, and there was no documented authorization from a prescriber.

3 B. For L.D. of Port Jefferson, New York - On 10/19/04, two prescriptions were
4 prescribed and written by Amanda Camarigg for this customer that were not signed by a
5 physician; on 10/20/04 RX 106461 for 15gm of Progesterone 3% Cream and RX 106462 for #60
6 T-3 SR 5mcg capsules were dispensed and furnished to this customer without authorization until
7 a 1/12/05 fax request, which resulted in a physician signing and erroneously dating it as
8 10/20/05.

9 C. For D. D. of Holtsville, New York - On 12/21/04 a new prescription was
10 prescribed and written by Amanda Camarigg that changed the Biest (80/20) 2.5mg to Biest
11 (80/20) 1.25mg in the compounded prescription of Biest (80/20) 1.25mg + Progesterone 40mg +
12 Testosterone 0.5mg (a schedule III controlled substance). This was dispensed on RX C107103,
13 which was unsigned and without a prescriber's name, signature, DEA number, or agent on the
14 document.
