LETTER OF PUBLIC REPROVAL

Re: LETTER OF PUBLIC REPROVAL
In the Matter of the Accusation Against: Norman Jacobs
Pharmacist License No. RPH 22604

Dear Mr. Jacobs:

On October 31, 2011, the Board of Pharmacy, Department of Consumer Affairs, State of California, filed a Second Amended Accusation against your Pharmacist License.

The Second Amended Accusation alleged that you engaged in unprofessional conduct while you were a pharmacist-in-charge of Advanced Compounding Pharmacy (ACP). Specifically, during a June 2011 inspection, Pharmacy Board Inspectors learned that ACP routinely compounded sterile injectable and non-sterile preparations with only one pharmacist on duty at the pharmacy, in violation of pharmacist to pharmacy technician ratio requirements set forth in Business and Professions Code section 4115 (f)(1). Further – in at least 25 instances approximately between April and June of 2011, ACP compounded sterile injectable batch products prepared from a non-sterile source and dispensed the products prior to quarantining the products and receiving acceptable end product pyrogen and sterility results for the products, a violation of Business and Professions Code sections 4301 (o) in conjunction with Title 16, California Code of Regulations section 1751.7 (c).

These are serious violations and accordingly, in resolution of this matter under authority provided under Business and Professions Code section 495, the Board of Pharmacy, Department of Consumer Affairs issues this letter of public reprovial.

Sincerely,

A handwritten signature in black ink that reads "Virginia Herold".

2 shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action
3 between the parties, and the Board shall not be disqualified from further action by having
4 considered this matter.

5 14. The parties understand and agree that facsimile copies of this Stipulated Settlement
6 and Disciplinary Order for Public Repeval, including facsimile signatures thereto, shall have the

1 FIRST CAUSE FOR DISCIPLINE

2 (Manufacturing Drugs Sold Through Wholesaler)

3 [Respondents Advanced Compounding and Bereliani]

4 29. Respondents Advanced Compounding and Bereliani are subject to disciplinary action
5 under Business and Professions Code Section 4033(a) in that Respondents were a manufacturer
6 when they compounded drugs that were not sold to the ultimate consumer.

7 On June 19, 2008, during an investigation of Advanced Compounding Pharmacy, Board
8 investigators found that Respondents' records showed they were manufacturing sterile injectable
9 compounded drugs for customers that were brokered through wholesaler Superior Medical
10 Supply, Inc. For instance, the drug Medroxyprogesterone Acetate Suspension 150 mg/ml²
11 prefilled syringes were drop shipped from Respondents directly to clinics and doctors' offices.
12 Respondents were paid by the wholesaler Superior Medical Supply, Inc. for the drop shipped
13 drugs rather than by the clinics or doctors' offices as the ultimate consumers.

14 SECOND CAUSE FOR DISCIPLINE

15 (Furnishing of Controlled Substance through Unlicensed Wholesaler)

16 [Respondents Advanced Compounding and Bereliani]

17 30. Respondents Advanced Compounding and Bereliani are subject to disciplinary action
18 under section 4301, subdivisions (j) and (o), in conjunction with Code section 4126.5, in that
19 Respondents furnished controlled substances and compounded drugs, as defined in Title 21, Code
20 of Federal Regulations, sections 1301.11 and 1301.13(a), to a wholesaler from whom the
21 controlled substance was not acquired. The circumstances are as follows:

- 22 a) Between February 27, 2008 and August 4, 2008, Respondents had a verbal
23 agreement to furnish orders from Superior Medical Supply (located in the State of
24 Colorado) to Superior Medical Supply's customers for controlled substances and
25 then to bill Superior Medical Supply for the purchase of the controlled substances.

26
27 ² Medroxyprogesterone Acetate Suspension 150mg/ml prefilled syringes are the generic
28 name for the commercially available drug Depo Provera 150mg/ml prefilled syringes. The drug
is a long acting birth control drug injected every 12 weeks.

Superior Medical Supply was not authorized by the Drug Enforcement Administration to engage in the distribution of controlled substances.

- b) The furnishing of the controlled substances occurred as follows: Schedule II, III, IV, and V controlled substances were ordered through Superior Medical Supply for their customers; the controlled substances were drop shipped by Respondents to Superior Medical Supply customers; Respondents billed Superior Medical Supply for the controlled substances; Superior Medical Supply paid the billed invoices from Respondents; Superior Medical Supply then invoiced their customers directly for the drop shipped controlled substances.
- c) The controlled substances Respondents shipped to Superior Medical Supply's customers were controlled substances not originally acquired from Superior Medical Supply.

THIRD CAUSE FOR DISCIPLINE

(Failure to Maintain Written Policies and Procedures)

[Respondents Advanced Compounding and Bereliani]

31. Respondents Advanced Compounding and Bereliani are subject to disciplinary action under section 4301, subdivisions (j) and (o), in conjunction with Code section 4081, subdivisions (a) and (b) and California Code of Regulations, Title 16, section 1751.02(c)(3)(I), in that Respondents failed to maintain required written policies and procedures associated with the pharmacy's preparation and dispensing of sterile injectable products. The circumstances are as follows:

- a) On June 19, 2008, Board investigators determined that Respondent Bereliani did not have written policies and procedures established for the use of a master formula, worksheets and documentation when compounding sterile batch injectable drugs from non-sterile ingredients.

1 **FOURTH CAUSE FOR DISCIPLINE**

2 **(Failure to Maintain Preparation Records and/or Master Formulas)**

3 **[Respondents Advanced Compounding and Bereliani]**

4 32. Respondents Advanced Compounding and Bereliani are subject to disciplinary action
5 under section 4301, subdivisions (j) and (o), in conjunction with Code section 4081, subdivisions
6 (a) and (b) and California Code of Regulations, Title 16, section 1751.3(b)(6), in that
7 Respondents failed to maintain, for three years, the preparation records, including Master
8 Formula worksheets, when compounding sterile products from one or more non-sterile
9 ingredients. The circumstances are as follows:

- 10 a) On June 19, 2008, Board investigators found that Respondent Bereliani maintained
11 only a few of the required Master Formula worksheets for the pharmacy's
12 compounding of sterile injectable drugs from non-sterile ingredients.
- 13 b) On June 19, 2008, Board investigators found that preparation records for the
14 compounding of sterile injectable drugs from non-sterile ingredients showed
15 different expiration dates. For instance, Respondents placed a 180-day expiration
16 date for sterile injectable drugs shipped in California, while Respondents placed a
17 one-year expiration date for the same sterile injectable drugs shipped outside of
18 California. Investigators reviewing preparation records determined that no master
19 formula was present to substantiate the differing expiration dates for the same sterile
20 injectable drugs.

21 **FIFTH CAUSE FOR DISCIPLINE**

22 **(Failure to Maintain Complete Compounding Records)**

23 **[Respondents Advanced Compounding and Bereliani]**

24 33. Respondents Advanced Compounding and Bereliani are subject to disciplinary action
25 under section 4301, subdivisions (j) and (o), in conjunction with Code section 4081, subdivisions

- b) On June 19, 2008, Board investigators found that Respondent Bereliani, as a routine practice, failed to sign or initial the Logged Formula Worksheet records in violation of Regulation section 1716.2(a)(4).
- c) On June 19, 2008, Board investigators found that no Master Formulas were available to substantiate a one year or 180-day expiration for the same product in violation of Regulation section 1716.2(a)(5).

SIXTH CAUSE FOR DISCIPLINE

(Failure to Document Supervision of Pharmacy Technician)

[Respondents Advanced Compounding and Bereliani]

34. - a) On June 19, 2008, Board investigators determined that Respondent Bereliani, as a routine practice, failed to initial or document many of the Logged Formula Worksheet records verifying the supervision and duties performed by compounding pharmacy technician Zherair Aghakhan.

SEVENTH CAUSE FOR DISCIPLINE

(Misbranding of Drugs with False or Misleading Information)

[Respondents Advanced Compounding and Bereliani]

35. Respondents Advanced Compounding and Bereliani are subject to disciplinary action under section 4301, subdivisions (j) and (o), in conjunction with Code section 4076, subdivisions

1 (a)(7) and (a)(9) and California Code of Regulations, Title 16, section 1751.2(b), in that
2 Respondents misbranded and labeled drugs with false and misleading information. The
3 circumstances are as follows:

- 4 a) On June 19, 2008 and June 24, 2008, Board investigators found that Respondents
5 allowed the compounded drug Medroxyprogesterone Acetate 150mg/ml to be
6 misbranded by falsely labeling the drug with the misleading label as either
7 "Medroxy Progst PF (75/0.5mg) ml" or "Medroxy Proge (75/.5) 75/0.5mg."
8 b) On June 19, 2008 and June 24, 2008, Board investigators found that Respondents
9 misbranded the prescription labels with false and misleading expiration dates as 180
10 days for drugs shipped in California and one year expiration date for drugs shipped
11 outside of California for the same drugs.

17 (a)(3) and Health and Safety Code section 111335, in that Respondents purchased, traded, sold or
18 transferred dangerous drugs that they knew, or reasonably should have known were misbranded.
19 The circumstances are as follows:

- 20 a) From on or about February 28, 2008 through on or about June 4, 2008, Respondents
21 drop shipped to doctors and clinics Medroxyprogesterone 150mg/ml pre-filled
22 syringes that were misbranded with false or misleading labels that read "Medroxy
23 Progst PF (75/0.5mg) ml" or "Medroxy Proge (75/.5) 75/0.5mg" that were
24 manufactured by Respondent Advanced Compounding. The drugs were further
25 misbranded in that Respondents placed a 180-day expiration date for drugs shipped
26 in California, while Respondents placed a one-year expiration date for the same
27 drugs shipped outside of California.
28

TENTH CAUSE FOR DISCIPLINE

(Unprofessional Conduct – Misuse of Knowledge of Pharmacy Law)

[Respondents Advanced Compounding and Bereliani]

38. Respondents Advanced Compounding and Bereliani are subject to disciplinary action under section 4306.5, subdivision (a), in that Respondent committed unprofessional conduct for acting or omitting that involve, in whole or in part, the inappropriate exercise of his education, training or experience as a pharmacist. The circumstances are as follows:

a) On February 14, 2008, Respondents failed to verify the accuracy of the Logged Formula Worksheet for Tri-Mix (Phen/PGE/PAPA) 1mg/20mcg/30mg/ml Injection which showed two ingredients were miscalculated and transposed so that patient R. Thorne received 3 times the dose of Phentolamine and 1/3 the dose of Prostaglandin (PGE) on his Tri-Mix Injection.

b) Additionally, Respondent Bereliani, as a routine practice, failed to document on the worksheet his supervision of the compounding pharmacy technician Zherair Aghakhan.

c) On May 1, 2007, Respondents incorrectly calculated his stock solution of 30cc- Phentolamine 50mg/ml stock solution under lot #05012007@3. The active drug Phentolamine Mesylate powder was incorrectly calculated at 500mg instead of 1500mg. This incorrectly compounded stock solution was then used to mix 6 TriMix preparations on the following dates:

1. December 10, 2007
2. February 6, 2008
3. February 14, 2008
4. February 27, 2008
5. February 27, 2008
6. February 27, 2008

1 d) Respondent Bereliani, on a routine practice, failed to check the lot numbers on the
2 ingredients used, which showed that the Phentolamine stock solution made on May 1, 2007 had
3 already expired.

4 ELEVENTH CAUSE FOR DISCIPLINE

5 (Unprofessional Conduct -- Misrepresentation)

6 [Respondents Advanced Compounding and Bereliani]

7 39. Respondents Advanced Compounding and Bereliani are subject to disciplinary action
8 under section 4301, subdivision (g), in that Respondents knowingly made or signed a certificate
9 or other document that falsely represented the existence or nonexistence of a state of facts. The
10 circumstances are as follows:

11 a) The word "Soluspan" is a registered trademark name of Schering-Plough's Celestone
12 Soluspan 6mg/ml, which describes their brand of rapid and repository injectable. On June 19,
13 2008, Board investigators discovered that Respondents falsely represented the compounded
14 product of "betamethasone suspension" by labeling it "Betam Soluspan Inj 6mg/ml" without
15 authorization from Schering-Plough.

16 b) Respondents were not a member of the Pharmaceutical Compounding Centers of
17 America (hereinafter PCCA) and were not authorized to copy their formulas without PCCA's
18 permission. Though they had not been given permission by PCCA to reference their formulas,
19 Respondents did so in at least 7 formulas sent to the Board as follows:

- 20 1. The Medroxyprogesterone Acetae (New) 150mg/ml referenced PCCA Formula 7404 but
21 stated "This formula is a trade secret of ADVANCED PHARMACY".
- 22 2. The Medroxyprogesterone Acetae Suspension Vehic referenced PCCA Formula 7405 but
23 stated "This formula is a trade secret of ADVANCED PHARMACY".
- 24 3. The MethylPrednisolone 40mg/ml Injectable referenced PCCA Formula 5678 but stated
25 "This formula is a trade secret of ADVANCED PHARMACY".
- 26 4. The MethylPrednisolone 80mg Injectabl referenced PCCA Formula 5678 but stated "This
27 formula is a trade secret of ADVANCED PHARMACY".
- 28 5. The Triamcinolone Acetonide 40mg/ml referenced PCCA Formula 4359 but stated "This
formula is a trade secret of ADVANCED PHARMACY".
6. The Tri-Mix 0.5mg/5.88mcg/30mg Injectable referenced PCCA Formula 4338 but stated
"This formula is a trade secret of ADVANCED PHARMACY".
7. The Testosterone Cypionate 200mg/ml Injectable referenced PCCA Formula 7719 but
stated "This formula is a trade secret of ADVANCED PHARMACY".

1 **TWELFTH CAUSE FOR DISCIPLINE**

2 (Failure to Comply with Pharmacy Technician Ratio Requirements)

3 [Respondents Advanced Compounding and Jacobs]

4 40. Respondents Advanced Compounding and Jacobs are subject to disciplinary action
5 under section 4115, subdivision (f)(1), in that on or about June 30, 2011, an inspection of
6 Respondent Advanced Compounding revealed that on that date, three pharmacy technicians
7 employed by Respondent Advanced Compounding routinely compounded sterile injectable and
8 non-sterile preparations with only one pharmacist on duty at the pharmacy during the morning
9 shift (approximately 9 a.m. to 1 p.m.), in violation of pharmacist to pharmacy technician ratio
10 requirements.

11 **THIRTEENTH CAUSE FOR DISCIPLINE**

12 (Failure to Provide Quality Assurance in Sterile Compounding)

13 [Respondents Advanced Compounding and Jacobs]

14 41. Respondents Advanced Compounding and Jacobs are subject to disciplinary action
15 under Business and Professions Code section 4301, subdivision (o) in conjunction with Title 16,
16 California Code of Regulations section 1751.7, subdivision (c), in that on or about June 30, 2011,
17 an inspection of Respondent Advanced Compounding revealed that approximately between April
18 27, 2011 and June 28, 2011, the pharmacy compounded sterile injectable batch products prepared
19 from a non-sterile source and dispensed the products prior to quarantining the products and
20 receiving acceptable end product pyrogen and sterility results for the products in at least 25
21 instances, as follows:

Re: **LETTER OF PUBLIC REPROVAL**
In the Matter of the Second Amended Accusation Against:
Norman Jacobs, Pharmacist License No. RPH 22604

Dear Mr. Jacobs:

On October 31, 2011, the Board of Pharmacy, Department of Consumer Affairs, State of California, filed a Second Amended Accusation against your Pharmacist License.

The Second Amended Accusation alleged that you engaged in unprofessional conduct while you were a pharmacist-in-charge of Advanced Compounding Pharmacy (ACP). Specifically, during a June 2011 inspection, Pharmacy Board Inspectors learned that ACP routinely compounded sterile injectable and non-sterile preparations with only one pharmacist on duty at the pharmacy, in violation of pharmacist to pharmacy technician ratio requirements set forth in Business And Professions Code section 4115(f)(1). Further - in at least 25 instances approximately between April and June of 2011, ACP compounded sterile injectable batch products prepared from a non-sterile source and dispensed the products prior to quarantining the products and receiving acceptable end product pyrogen and sterility results for the products, a violation of Business and Professions Code sections 4301(o) in conjunction with Title 16, California Code of Regulations section 1751.7 (c).

These are serious violations and accordingly, in resolution of this matter under the authority provided under Business and Professions Code section 495, the Board of Pharmacy, Department of Consumer Affairs issues this letter of public reproof.

Sincerely,

VIRGINIA HEROLD
Executive Officer
Board of Pharmacy
Department of Consumer Affairs
