9 10	24. On Februa	ry 24, 2020, the Board's Inspector received a written statement by Rite		
10	Aid APDL L.P., attestir	ng to the loss of controlled substances at Rite Aid #5485, and stating that		
12	he and two of his collea	gues conducted extensive video surveillance review during Respondent's		
	shifts. The following is	a summary of L.P.'s statement:		
13 14	During his shift at Rite Aid #5485 on November 10, 2019, Respondent selected a bottle of			
14	controlled prescription medication and counted it onto a tray. He then selected a pill baggy			
15	from the cabinet, poured the pills into the baggy and concealed them into his rear pants			
	pocket.			
17 18	The surveillance d	uring Respondent's shift at Rite Aid #5485 on November 24, 2019		
10 19	showed that he	selected a bottle of controlled prescription drugs and counted several pills		
20	into the tray. He	placed the pills into a small baggy, went to the stool, sat down and		
	concealed the ba	aggy into his right front pocket.		
21	The surveillance fr	rom Respondent's shift at Rite-Aid #5485 on December 15, 2019 showed		
22 23	him selecting a bottle of liquid controlled substance, pouring himself some of the			
23 24	controlled medication into a cup, and consuming it. He then returned the liquid to his			
25	work station and continued working. He returned the controlled substance to the shelf.			
26	25. On March 2	2, 2020, Respondent was interviewed by the Board Inspector regarding the		
27		ndent stated that he was employed as a pharmacy technician for five

2	couple of items in the store and by the end of his shift, he had the wrong receipt. He apparently
3	lost the correct receipt, but he had a different receipt in his pocket.
4	26. Respondent was called into the office around December 24, 2020, and interviewed
5	by Asset Protection. They showed him the video. Respondent told them that he didn't steal
6	anything and asked to talk to the union. Around 30 minutes later, the police appeared and
7	arrested him. Besides the pills in the bag, he had just returned from a trip to the Philippines and
8	was ill. He reported to work anyway in the Venice store, and bought Dayquil, Advil and Sudafed
9	so that he could get through his shift.
10	27. On March 2, 2020, the Board Inspector interviewed the pharmacist in charge of Rite
11	Aid, J.S., to clarify the video footage from Rite Aid #5485. J.S. said that the video showed
12	Respondent counting tablets from the blue bottle, which is alprazolam manufactured by Mylan.
13	The area on the video where Respondent obtained the bottle was where the controlled medication
14	alprazolam was stored.
15	28. On March 11, 2020, the Board Inspector received another statement dated March 10,
16	2020 from APDL L.P., which is summarized as follows:
17	The bettle Despendent selected was from the general area of inventory where controlled

27

28

The bottle Respondent selected was from the general area of inventory where controlled substances were located. The blue bottle in the video was pulled from the general area where the alprazolam was located.

20 The dark colored bottle with a white top and white label was located behind the dispensing 21 robot, ScriptPro.

On December 15, 2019 at 14:30 Respondent was seen on video reaching behind the robot, and pouring liquid out of the dark colored bottle with the white top and label into a cup. He drank the contents of the cup.

- APLD L.P. provided the inspector with a photograph of the bottle typically stored behind
 SciptPro, and the label on the brown bottle with the white label and white lid states:
 - "Promethazine Hydrochloride and Codeine Phosphate Oral Solution."

1	36. On February 24, 2020, a Board Inspector received a statement by APDL L.P. dated		
2	February 18, 2020 about the loss of controlled substances at Rite Aid #5489, which stated as		
3	follows:		
4	On December 17, 2019 at approximately 8.58 p.m., APDL L.P. observed that		
5	Respondent selected an unknown bottle of controlled medication and conceal it into his		
6	right front pocket.		
7	37. The video surveillance taken at Rite Aid #5489 on December 17, 2019 at 20:58:41		
8	shows Respondent take a medication bottle and place it in his right hand pants pocket with his		
9	right hand.		
10	38. On April 27, 2020, the inspector received acquisition and disposition data used in the		
11	audit for the controlled substances identified on the Form DEA 106 for Rite Aid #5489. On the		
12	same date, the inspector also received pharmacy data for Rite Aid #5489 from S.H. a McKesson		
13	Senior Legal Specialist.		
14	39. The inspector conducted an audit from November 3, 2019 through February 7, 2020		
15	for the following five controlled substances which were reported as lost or stolen from Rite Aid		
16	#5489 to the DEA: (1) acetaminophen/codeine 300mg/30mg; (2) alprazolam 0.25 mg;		
17	(3) alprazolam 1mg; (4) alprazolam XR 1mg; and (5) clonazepam 0.5mg.		
18	40. For alprazolam 1mg, the audit showed a positive variance of 62 tablets. This indicates		
19	a shortage of tablets where the purchases/acquisitions of alprazolam 1mg were greater than the		
20	sales/disposition for alprazolam 1mg. The Board's audit of Rite Aid #5489 showed that there		
21	was a loss of alprazolam 1mg at Rite Aid #5489 from November 13, 2019 through February 7,		
22	2020. The evidence supported the loss of alprazolam 1mg was due to employee pilferage by		
23	Respondent.		
24	41. A Santa Monica Police Department Incident Report states that the police were		
25	dispatched to the Rite Aid store at 1808 Wilshire Blvd. regarding an embezzlement investigation		
26	that a current employee, Alexander Doyle (who had been working for Rite Aid since 2015), had		
27	been stealing narcotics from the store. Rite Aid APDL L.P. was interviewed by the police, and he		
28	informed them of the following facts:		
	12 (ALEXANDER MICHAEL DOYLE) ACCUSATION – CASE NO. 6978		

1	•	On December 10, 2019, Respondent was caught attempting to take a 1.75 liter of Jack
2		Daniels and other merchandise from the store. He did not have a receipt for the
3		merchandise and only provided an old receipt. Review of the store's video footage
4		from December 10, 2019 at approximately 7:35 p.m. showed Respondent taking a large
5		bottle of Jack Daniels from the liquor area and putting it inside a plastic Rite Aid bag.
6		At approximately 9:30 p.m., the video showed Respondent selecting a Polo cologne box
7		and placing it on top of the cashier desk. Moments later, he took the cologne and
8		walked towards the rear of the store. Respondent later attempted to leave the store
9		without paying for this merchandise.
10	•	On December 12, 2019, an inventory was conducted which revealed a Polo cologne box
11		valued at \$75.00 was missing.
12	•	On December 15, 2019 at approximately 2:35 p.m., Respondent was working at Rite
13		Aid #5485 (Venice). The video footage shows him pouring a liquid substance from a
14		bottle into a small cup and drinking it. He is also seen later in his shift taking Armoral
15		car wipes. He placed items into a Rite Aid plastic bag at the end of his shift and he did
16		not pay for them.
17	•	On December 17, 2019 at approximately 4:23 p.m., Respondent entered Rite Aid #5489
18		(Santa Monica) and walked towards the beer cooler area where he selected a black
19		aluminum can, and then consumed the beverage throughout his shift. His discarded the
20		can in the trash in the pharmacy area. At approximately 8:58 p.m., Respondent selected
21		a small white, cylindrical container measuring approximately 2 1/2 inches in length by 1
22		inch wide, and placed it inside his right front pant pocket. Respondent looked over his
23		shoulder as he adjusted the items inside his pocket. At approximately 9:00 p.m.,
24		Respondent closed the pharmacy and left the front entrance without paying for the item.
25	•	Based upon the video footage, L.P. concluded Respondent had been stealing drinks and
26		medication from the store. L.P. believed the prescription bottle he took from the
27		pharmacy is alprazolam and the recent inventory count reveals there is a missing
28		medication. The estimated price for one bottle of alprazolam is \$628.59. 13
