

2025 Legislative Bills with Links

Governor Gavin Newsom has enacted several bills that introduce or revise existing laws regulating pharmacy practice in California. To read the full text of each law, click on the Assembly bill (AB) number or Senate bill (SB) number.

[**AB 50 Pharmacists: furnishing contraceptives.**](#) Expands pharmacist authority of over-the-counter contraceptives.

[**AB 82 Health care: legally protected health care activity.**](#) Expands confidentiality for reproductive and gender-affirming health care providers.

[**AB 144 Committee on Budget. Health.**](#) Establishes baseline for vaccine coverage for the immunization schedule recommended by the Advisory Committee on Immunization Practices as of January 1, 2025.

[**AB 260 Sexual and Reproductive Health Care.**](#) Protects reproductive healthcare access, including medication abortion.

[**AB 309 Hypodermic needles and syringes.**](#) Deletes the January 1, 2026 repeal date that allows licensees to provide hypodermic needles and sterile

syringes for human use without a prescription or permits if certain conditions are met.

AB 447 Emergency room patient prescriptions. Allows physicians or authorized prescribers to dispense an unused portion of a non-controlled medication to an emergency department patient upon discharge if certain conditions are met.

AB 489 Health care professions: deceptive terms or letters: artificial intelligence. Prohibits the use by artificial intelligence (AI) or generative artificial intelligence (GenAI) technology of certain terms, letters, or phrases that indicate or imply that the advice, care, reports, or assessments being provided through AI or GenAI is being provided by a natural person with the appropriate health care license or certificate.

AB 1152 Controlled substances: human chorionic gonadotropin. Removes human chorionic gonadotropin (hCG) from the list of Schedule III controlled substances under the California Uniform Controlled Substances Act.

AB 1503 Pharmacy Sunset Oversight Review Report. Makes changes to Pharmacy Law and Board operations, including extending the Board for four years until January 1, 2030.

SB 40 Health care coverage: insulin. Prohibits a health care service plan or health insurer from imposing step therapy as a prerequisite to authorizing coverage of insulin.

SB 41 Pharmacy benefits. Establishes the regulation of Pharmacy Benefit Managers (PBMs) within the California Department of Managed Healthcare (DMHC).

SB 306 Health care coverage: prior authorizations. Requires health care service plans and health insurers to report statistics to the DMHC and the Department of Insurance annually beginning December 31, 2026, and, starting January 1, 2028, to cease requiring prior authorization for the most

frequently approved covered health care services that are approved at a rate that meets or exceeds the threshold rate of 90%. These requirements will be repealed on January 1, 2034.

SB 470 Bagley-Keene Open Meeting Act; teleconferencing. Authorizes a state body to hold a meeting by teleconference subject to specified requirements.

SB 497 Legally protected health care activity. Prohibits the release of medical information related to gender affirming health care or gender-affirming mental health care, as defined in the bill.

SB 568 Pupil health: epinephrine delivery systems: school sites and childcare programs. Expands the authority of pharmacies to provide a broader range of epinephrine delivery devices.
