Cybersecurity Warning for Health Care Providers

The U.S. Cybersecurity & Infrastructure Security Agency, the Federal Bureau of Investigation, and the Department of Health and Human Services have credible information of an increased and imminent cybercrime threat to U.S. hospitals and health care providers. The California State Board of Pharmacy is sharing this information to warn and ensure health care providers take timely and reasonable precautions to protect their networks from these threats.

Please see additional information at the Cybersecurity & Infrastructure Security Agency website: <https://us-cert.cisa.gov/ncas/alerts/aa20-302a>.
