

Prescribers with Restricted Authority to Prescribe Controlled Substances

Pursuant to [Health and Safety Code section 11161.7\(b\)](#), the Board of Pharmacy makes available to pharmacies this list of prescribers whose authority to prescribe controlled substances has been restricted by the [Medical Board of California](#) (MBC). This information is updated regularly and is intended to prevent dispensing of controlled substances prescribed by restricted prescribers.

Names with a ~~strikeout~~ indicate the restriction is no longer effective. Names in **bold** indicate there has been an update to the action taken by the MBC. Questions about the prescribers listed here should be directed to the MBC.
