

LICENSING COMMITTEE REPORT

March 26, 2020

Debbie Veale, Licensee Member, Chairperson
Lavanza Butler, Licensee Member, Vice-Chairperson
Jignesh Patel, Licensee Member
Albert Wong, Licensee Member

- 1. Call to Order and Establishment of Quorum**
- 2. Public Comment for Items Not on the Agenda, Matters for Future Meetings**

*(Note: the committee may not discuss or take action on any matter raised during the public comment section that is not included on this agenda, except to decide to place the matter on the agenda of a future meeting. Government Code Sections 11125 and 11125.7(a).)

- 3. Discussion and Consideration of Board's Legislative Proposal to Establish a New Licensing Program Creating Advanced Pharmacy Technician Requirements and Functions**

Background

In response to changes in pharmacy practice and the expanded roles of pharmacists, the committee and board completed development of a statutory proposal to create new licensing programs for advanced pharmacy technicians. Ultimately, the committee and board focused on proposed changes that would benefit consumers including making pharmacists more available to engage in more direct patient care activities.

The committee and board have discussed the advanced pharmacy technician proposal on several occasions and in response to comments and feedback received the committee determined it appropriate to reassess some of the basic tenets of the proposal. As such, the committee again provided an opportunity for stakeholders to provide comments on the proposal to establish a new licensing program for advanced pharmacy technicians during the December 2019 Licensing Committee Meeting and again on January 2020 Board Meeting.

Members have received comments indicating the proposal appeared to be duplication of authority to perform tasks between pharmacy technicians and the proposed advanced pharmacy technicians. As discussed during these meetings, the supervision requirement between the pharmacy technician and the proposed advanced pharmacy technician is significantly different, most notably with the level of autonomy.

During the January 2020 Board Meeting, public comment asked for additional time to discuss the proposal, while others expressed support for the proposal noting some suggested changes

regarding the experience and/or training requirements. Public comment also expressed concern with the provisions relating to transferring of prescriptions.

Following discussion and in consideration of public comments, the board voted to refer the proposal back to the Licensing Committee to consider, among other issues, liability concerns, staffing, and experience requirements.

For Committee Discussion

Subsequent to the January Board Meeting, and to facilitate discussion, the committee chair updated the draft proposal with some suggested language to address some of the comments and concerns expressed by members and the public.

During the meeting members will have the opportunity to discuss the proposal and consider public comments.

Attachment 1 includes a copy of the revised proposal. The possible language changes are reflected with underline and strikeout.

4. Review of Licensing Statistic

The quarterly licensing statistics for fiscal year 2019/2020, are provided in **Attachment 2**.

As of February 29, 2020, the board has received 9,891 initial applications, including:

- 1,735 intern pharmacists
- 927 pharmacist exam applications
- 151 advanced practice pharmacists
- 3,323 pharmacy technicians
- 268 community pharmacy license applications
- 89 sterile compounding pharmacy license applications
- 79 nonresident pharmacy license applications
- 21 hospital pharmacy license applications
- 275 automated drug delivery system applications

As of February 29, 2020, the board has received 346 requests for temporary site license applications, including:

- 177 community pharmacy license applications
- 38 sterile compounding pharmacy license applications
- 54 nonresident pharmacy license applications
- 18 hospital pharmacy license applications

As of February 29, 2020, the board has issued 8,808 licenses, renewed 43,667 licenses and has 141,523 active licenses, including:

- 6,959 intern pharmacists
- 47,876 pharmacists
- 670 advanced practice pharmacists
- 69,534 pharmacy technicians
- 6,515 community pharmacies
- 468 hospital pharmacies
- 908 automated drug delivery systems

Processing Times

The general application and deficiency mail processing times by license type are provided below reflecting data current as of February 28, 2020. The data reflects the time from when an application or deficiency response is received by the board through to the time it is processed by licensing staff.

The standard performance processing time is within 30 days for initial applications and is within 10 days for deficiency mail. The board is currently outside of the standard performance processing times for some of its types of applications.

Premises Application Types	Application Processing Times as of 2/28/2020	Deficiency Mail Processing Times as of 2/28/2020

October 27, 2020

6. Adjournment

ATTACHMENT 1

DRAFT

Proposed BPC 4038.5 (Definition)

“Advanced Pharmacy Technician” means an individual licensed by the board who is authorized to perform all the duties permitted by section 4115, and technical pharmacy tasks as authorized in Section 4115.6 under the indirect supervision of a pharmacist. For the purposes of this section, "indirect supervision" means that a pharmacist is on the premises at all times and is generally aware of all activities performed by the advanced pharmacy technician, but the advanced pharmacy technician may, if permitted by the pharmacist, perform authorized tasks without direction from the pharmacist.

Proposed 4115.6 (Specified Duties)

(a) A licensed advanced pharmacy technician may perform these technical tasks as permitted by the supervising pharmacist, to allow the pharmacist to engage in more direct patient services:

(1) Verify the accuracy of the filling of a prescription container by confirming that the medication and quantity reflected on the label ~~is~~ accurately reflects the container's contents for refill drug orders.

(2) Accept new prescriptions from a prescriber's office unless the prescription requires the professional judgment of a pharmacist.

(3) Inquire about the intended purpose or indication for prescribed medication on verbal orders received from a prescriber's office.

~~(4) Accept refill authorizations from a prescriber's office unless the authorization requires the professional judgment of a pharmacist.~~

~~(5)~~ Transfer a prescription to another pharmacy.

~~(6)~~ Receive the transfer of a prescription from another pharmacy.

~~(7)~~ Provide the technical task of administration of an immunization if appropriate training has been completed.

~~(8) Initiate post discharge contact with a patient or patient's agent for a patient recently discharged from a health facility.~~

~~(9)~~ Provide medication guidance and referral services for pharmacy services post discharge from a health facility.

~~(10)~~ Develop medication dosing schedules for discharge medications.

~~(11)~~ Initiate post discharge contact with a patient or patient's agents.

(b) Other than as permitted by this section, an advanced pharmacy technician may not engage in direct patient services.

(c) A supervising pharmacist may be guilty of unprofessional conduct if they:

(1) Permitted, encouraged, approved of, either tacitly or implicitly or through willful ignorance, any conduct committed by an advanced pharmacy technician who violated state or federal law or regulation pertaining to the practice of pharmacy; or

(2) Failed to take all actions reasonably necessary to stop and remedy the violation, or suspected violation, by an advanced pharmacy technician of any state or federal law or regulation pertaining to the practice of pharmacy as soon as reasonably possible following the discovery of the violation.

Proposed 4115.7 (Conditions for Use)

A pharmacy may use the services of an advanced pharmacy technician if all of the following conditions are met:

- (a) The duties authorized in section 4115.6 are performed as specified in the pharmacy's policies and procedures.
- (b) The pharmacist-in-charge is responsible for ~~ongoing evaluation of the performance of personnel~~ an advanced pharmacy technician as authorized in subdivision (a) of section 4115.6.
- (c) A pharmacist personally provides all new prescription medications and controlled substances medications directly to the patient or patient's agent, and provides patient information consistent with the provisions of Section 4052 (a)(8).
- (d) When verifying the accuracy of the contents of the prescription, a record is created identifying the personnel responsible for ~~the preparing and dispensing of the prescription medication~~ such verification.
- (e) ~~Initiate and~~ A pharmacist provides post discharge follow-up for a patient recently discharged from a health care facility consistent with the provisions of Section 4052(a)(8). Such discharge follow-up must be provided by a pharmacist at the request of the patient or patient's agent unless the patient is discharged to another health care facility.
- (f) No more than one (1) advanced pharmacy technician is on duty at a time in the pharmacy, although a pharmacy may petition the board for additional advanced pharmacy technicians to be on-duty, provided that it is not to allow an advanced pharmacy technician to engage in direct patient services. In reviewing such a petition, the board shall consider whether such an increase would permit a supervising pharmacist to engage in more direct patient services, would not compromise public safety, and any other considerations established by regulation.

Proposed BCP 4211 (Licensing Requirement)

- (a) The board may issue an advanced pharmacy technician license to an individual who meets all the following requirements:
 - (1) Holds a pharmacy technician license issued pursuant to this chapter that has been active and in good standing for at least 1 year immediately preceding filing an application.
 - (2) Has obtained ~~2,050~~ 3000 hours of experience performing the duties of a licensed pharmacy technician or pharmacist intern in a pharmacy within the three (3) years immediately preceding filing an application.
 - (3) Satisfies at least one of the following requirements:
 - (A) Possesses a certification issued by a pharmacy technician certifying program as defined in Section 4202(a)(4).
 - (B) Has obtained a minimum of an associate degree in pharmacy technology.
 - (C) Has obtained a bachelor's degree.
- (b) A license issued pursuant to this section, if not renewed, shall expire two years after issuance.

Proposed BPC 4234 (CE/Renewal Requirement)

As a condition of renewal, an advanced pharmacy technician shall complete 20 hours of continuing education each renewal cycle, including a minimum of two hours of education in medication error prevention and two hours of board sponsored law and ethics education.

Amendment to BPC 4400 (Fee)

~~(z) This section shall become operative on July 1, 2017.~~ The fee for the advanced pharmacy technician application and examination shall be \$260 dollars and may be increased to \$285. The fee for initial licensure and biennial renewal of as an advanced pharmacy technician shall be \$140 and may be increased to \$195.
